

Diagnostic Clarification and Treatment Recommendations for TERM Neuropsychological Evaluation - CHILD/YOUTH

See TERM Handbook sections on “Required Format and Elements of a CFWB Psychological Evaluation” posted on Optum TERM Website www.optumsandiego.com/

NEUROPSYCHOLOGICAL EVALUATION OF CHILD/YOUTH

Diagnostic Clarification and Treatment Recommendations are needed. Please see the accompanying Evaluation Request Form (04-178) and review all provided history from the social worker to see why diagnostic clarification and treatment recommendations are needed at this time.

Evaluation narrative MUST include the following components:

1. Does the client’s presentation meet criteria for a specific DSM-5-TR **diagnosis/ diagnoses?** Please describe findings.
2. Does the client present with **specific neuropsychological deficits?** Please describe strengths and challenges.
3. Are there **specific compensatory skills, interventions, or treatments** that you would recommend to assist this youth in improved functioning?
4. Are there specific cultural/linguistic considerations regarding intervention choice or approach?
