## Authorization Related Questions

- What is the authorization timeframe and what if the authorization needs to be extended?
  - Please keep in mind that the authorization timeframe is different than that report due date. The authorization period is the timeframe in which the requested service is covered. Optum serves as the Administration Services Organization for CFWB. Per CFWB policy, CFWB funded evaluations will be authorized for a 3-month period. If there are any extenuating circumstances that require the authorizations to be extended beyond the expiration date, please coordinate directly with the assigned Protective Services Worker (PSW). CFWB will submit any necessary documents, often a CFWB 04-130C form, to request extensions.
- Is there a current authorization for my client?
  - If you have questions pertaining to CFWB referred authorizations, please contact Optum TERM at 877-824-8376 option 1.
  - For Medi-Cal funded evaluations of CFWB referred clients, please contact Optum Utilization Management at 800-798-2254 if you need to confirm receipt of the Pre-Authorization Request for Medi-Cal Psychological Testing form.
- My client did not show for a scheduled appointment, how do I go about getting compensated?
  - Referring parties from the dependency and juvenile justice system approved a consideration fee for TERM evaluators accepting referrals through the TERM process. The consideration fee is applicable to the assigned evaluator once per client, and evaluators are expected to make a good faith effort to schedule clients. No-show consideration fee reimbursement does not apply to evaluation referral that providers may receive outside of TERM process (e.g. attorney, self-referred, etc.).

- For CFWB referred evaluations, providers will be pre-authorized for one (1) CPT code 99499.
  - <u>CFWB funded evaluations</u>: This consideration CPT code will be included as part of the evaluation authorization codes.
  - <u>Medi-Cal funded evaluations</u>: This consideration CPT code will be pre-authorized through CFWB funds. However, the provider will still need to follow the established Medi-Cal pre-authorization request process to receive an authorization letter for evaluation units.
    - *Please note*: If evaluation services are financed by Medi-Cal, the 99499 must be reported on a different claims form than the evaluation services because it is paid for separately using CFWB funding. Please follow the separate CFWB and Medi-Cal claims procedures when billing.
- I have been asked to review the assessment results with the client (i.e. provide a feedback session) but do not have the authorization.
  - Please coordinate directly with the assigned PSW. If CFWB is requesting the authorization of this service, a 04-130C form needs to be submitted to Optum by the PSW. After coordination with CFWB, if there are further questions pertaining to an authorization, please contact Optum TERM at 877-824-8376 option 1.
  - Once Optum receives the request from CFWB to authorize a feedback session, Optum will send the provider an authorization letter to cover a one-hour feedback session.
- Can I get paid for testifying in court?
  - An invoicing process has been established to reimburse TERM providers for court testimony specifically for CFWB referred clients accepted through the TERM process.
  - It will be the provider's responsibility to submit a completed invoicing form to Optum after ensuring that the client was CFWB referred through the TERM process and that CFWB or the client's appointed attorney formally requested you to provide the court testimony.
    - The invoicing form can be found at optumsandiego.com > BHS Provider Resources > CFWB Treatment > <u>Provider Request for Invoice Payment Delegation Form</u>. Please see guidance under the section 'How to Access Resources on Optum's Website' for steps on locating this form.
- What is a Termination of Services letter? What should I do if I receive a Termination of Services Letter?
  - If CFWB notifies Optum that a service is no longer needed (i.e. case closes), Optum will communicate with the assigned provider by sending a Termination of Services letter, which will include the client's name and authorization end date. Please contact the PSW directly should there be any questions or concerns pertaining to the information included in the letter.

#### **CFWB Contact Related Questions**

- How can I verify who the currently assigned PSW is?
  - TERM providers can contact the County's PSW Locator Line to verify the name and contact information of the currently assigned worker. The number for this line is 858-514-6995. Callers will be asked to provide a passcode to authenticate the right to access confidential information. Please contact the Optum TERM Department to request the passcode.

- What should I do if I have not received background records from CFWB and the PSW has not responded to my outreach efforts (regarding the Court reports and/or other coordination needs)?
  - Contact the PSW Locator Line to ensure that you have the currently assigned PSW's correct contact information (as referenced in the question immediately above).
  - Contact the Protective Services Supervisor (PSS). If you have not received a response from the PSW or PSS, you can also contact the assigned Manager.
    - CFWB (PSW, PSS, Manager) contact information can be located on the first page of the 04-178 Child and Family Well-Being Request for TERM-Appointed Evaluator referral form.
    - CFWB contact information can also be accessed on the CFWB Alpha Roster Excel spreadsheet file, located on the <u>Optum San Diego website</u>. Please see guidance under the section 'How to Access Resources on Optum's Website' for steps on locating this resource.

  - Please discuss specific concerns directly with the assigned PSW, who can discuss further with CFWB Staff Psychologist, as needed.
  - If the authorization for feedback is received without prior notification, please discuss directly with the assigned PSW.
- When are evaluation reports due? How do I extend the report due date or remove the client from my caseload?
  - Generally, CFWB evaluation reports are due to Optum within 30 days of receiving the authorization for service and background records from CFWB. However, for referrals where youths are at Polinsky or Juvenile Hall, reports are due to Optum within 10 days of receiving the authorization for services and background records from CFWB.
