ADDICTION SEVERITY INDEX

SEVERITY RATINGS

The severity ratings are interviewer estimates of the patient's need for additional treatment in each area. The scales range from 0 (no treatment necessary) to 9 (treatment needed to intervene in life-threatening situation). Each rating is based upon the patient's history of problem symptoms, present condition and subjective assessment of his treatment needs in a given area. For a detailed description of severity ratings' derivation procedures and conventions, see manual. **Note: These severity ratings are optional.**

YOUTH ASSESSMENT INDEX ver. 4.0c

(Sponsored by: QuickStart Systems, Inc.)

Dr. David Metzger

A. Thomas McLellan, Ph.D.

Remember: This is an interview, not a test.

Call QuickStart Systems at (214)342-9020 for:

- Free copies of the Youth Assessment Index
- Free copies of the Clinical/Training ASI
- The Easy-YAI software, and
- Other Treatment Tracking Software.

INTRODUCING THE YAI:

Eight potential problem areas:

Current living situation, Legal, Medical, Family Relationships, Education/Work, Drug/Alcohol, Psycho/Social Adjustment, and Personal Relationships. All clients receive this same standard interview. All information gathered is confidential.

There are two time periods we will discuss:

- 0 - Has never occurred
- 1 - Occurred more than 30 days ago
- 2 - Occurred the last 30 days
- 3 - Occurred during and before the last 30 days

Client Input:

Client input is important. For each area, I will ask you to let me know how bothered you have been by any problems in each section. I will also ask you how important counseling is to you for the area being discussed. The response to these questions will be a yes or no.

If you are uncomfortable giving an answer, then don't answer. Please do not give inaccurate information! Remember: This is an interview, not a test.

INTERVIEWER INSTRUCTIONS:

Leave no blanks.

Make plenty of Comments (if another person reads this YAI, they should have a relatively complete picture of the client's perceptions of his/her problems).

- 3. X = Question not answered.
- 4. N = Question not applicable.
- 5. Privately interview the youth about drug and alcohol use and personal relationships unless parents are reluctant or unwilling to leave.

HALF TIME RULE: If a question is interested in the number of months, round up periods of 14 days or more to 1 month. If the question is only interested in the number of years, round up 6 months or more to 1 year.

ALCOHOL/DRUG USE INSTRUCTIONS:

The following questions look at two time periods: the past 30 days and lifetime. Lifetime refers to the time prior to the last 30 days.

- > 30 day questions only require the number of days used.
- > Lifetime use is asked to determine extended periods of use.
- > How to ask these questions:
 - > How many days in the past 30 have you used....?
 - > How many years in your life have you regularly used....?
- > Use 99 percent to represent number of times used is one hundred or more

Patient Placement Criteria (PPC-2R) & Patient Placement Criteria – Adolescent

ASAM PPC-2R RISK RATING CROSSWALK

ASAM Patient Placement Criteria for the Treatment of Substance-Related Disorders - Adult

	0	1	2	3	4
1 <i>Acute Intoxication and/or Withdrawal Potential</i>	Fully functioning, no signs of intoxication or withdrawal present.	Mild to moderate intoxication interferes with daily functioning, but does not pose a danger to self or others. Minimal risk of severe withdrawal.	Intoxication may be severe, but responds to support; not posing a danger to self or others. Moderate risk of severe withdrawal.	Severe s/s of intoxication indicates an imminent danger to self or others. Risk of severe but manageable withdrawal; or withdrawal is worsening.	Incapacitated, with severe signs and symptoms. Severe withdrawal presents danger, as of seizures. Continued use poses an imminent threat to life (e.g., liver failure, GI bleed, or fetal death).
2 <i>Biomedical Conditions and Complications</i>	Fully functioning and able to cope with any physical discomfort or pain.	Adequate ability to cope with physical discomfort. Mild to moderate symptoms (such as mild to moderate pain) interfere with daily functioning.	Some difficulty tolerating physical problems. Acute, non-life threatening medical symptoms are present. Serious biomedical problems are neglected.	Serious medical problems are neglected during outpatient treatment. Severe medical problems are present but stable. Poor ability to cope with physical problems.	The patient is incapacitated, with severe medical problems.
3 <i>Emotional, Behavioral or Cognitive (EBC) Conditions and Complications</i>	Good impulse control and coping skills and sub-domains (dangerousness/lethality, interference with recovery efforts, social functioning, self-care ability, course of illness).	There is a suspected or diagnosed EBC condition that requires intervention, but does not significantly interfere with tx. Relationships are being impaired but not endangered by substance use.	Persistent EBC condition, with symptoms that distract from recovery efforts, but are not an immediate threat to safety and do not prevent independent functioning.	Severe EBC symptomatology, but sufficient control that does not require involuntary confinement. Impulses to harm self or others, but not dangerous in a 24-hr setting.	Severe EBC symptomatology; requires involuntary confinement. Exhibits severe and acute life-threatening symptoms (e.g., dangerous or impulsive behavior or cognitive functioning) posing imminent danger to self and others.
4 <i>Readiness to Change</i>	Willing, engaged in treatment.	Willing to enter treatment, but is ambivalent about the need for change. Or willing to change substance use, but believes it will not be difficult to do so.	Reluctant to agree to treatment. Able to articulate negative consequences of usage but has low commitment to change use. Only passively involved in treatment.	Unaware of the need for change, minimal awareness of the need for treatment, and unwilling or only partially able to follow through with recommendations.	Not willing to explore change, knows very little about addiction, and is in denial of the illness and its implications. Unable to follow through with recommendations.
	<i>Mental Health</i> Willingly engaged in tx as a proactive, responsible participant; willing to change mental functioning & behavior.	<i>Mental Health</i> Willing to enter tx and explore strategies for changing mental functioning but is ambivalent about the need for change. Willing to explore the need for strategies to deal with mental disorders. Participation in mental health tx is sufficient to avert mental decompensation. <i>Ex: ambivalent about taking meds but generally follows tx recommendations.</i>	<i>Mental Health</i> Reluctant to agree to tx for mental disorders. Is able to articulate the negative consequences of mental health problems but has low commitment to therapy. Has low readiness to change and passively involved in tx. <i>Ex: variable attendance to therapy or with taking medication.</i>	<i>Mental Health</i> Exhibits inconsistent follow through and shows minimal awareness of mental disorder or need for tx. Unaware of the need for change and is unwilling or partially able to follow through with recommendations.	<i>Mental Health</i> A. No immediate Action Required: Unable to follow through has little or no awareness of a mental disorder or negative consequences. Sees no connection between suffering and mental disorder. Is not imminently dangerous or unable to care for self. Unwilling to explore change and is in denial regarding their illness and its implications. B. Immediate Action Required: Unable to follow

Handout 17 – ASAM PPC-2r Risk Rating Crosswalk

					through with recommendations. Behavior represents an imminent danger of harm to self and others. Unable to function independently or engage in self-care.
5 Relapse, Continued Use, or Continued Problem Potential	Low or no potential for relapse, good coping skills.	Minimal relapse potential, with some vulnerability, and has fair self management and relapse prevention skills.	Impaired recognition and understanding of substance use relapse issues, but is able to self manage with prompting.	Little recognition and understanding of substance use relapse issues, and poor skills to interrupt addiction problems, or to avoid or limit relapse.	No skills to cope with addiction problems, or to prevent relapse. Continued addictive behavior places self and/or others in imminent danger.
	<i>Mental Health</i>	<i>Mental Health</i>	<i>Mental Health</i>	<i>Mental Health</i>	<i>Mental Health</i>
	No potential for further mental health problems or low potential and good coping skills.	Minimal relapse potential with some vulnerability and fair self management & relapse prevention skills.	Impaired recognition & understanding of mental illness relapse issues, but is able to self-manage.	Little recognition or understanding of mental illness relapse issues & poor skills to cope with mental health problems.	A. No immediate action required: Repeated tx episodes with little positive effect. No skills to cope with or interrupt mental health problems. Not in imminent danger and is able to care for self. B. Immediate action required: No skills to arrest the mental health disorder or relapse of mental illness. Psychiatric disorder places them in imminent danger.
6 Recovery Environment	Supportive environment and/or able to cope in environment.	Passive support or significant others are not interested in patient's addiction recovery, but is not too distracted by this and is able to cope	The environment is not supportive of addiction recovery but, with clinical structure, able to cope most of the time.	The environment is not supportive of addiction recovery and the patient finds coping difficult, even with clinical structure.	The environment is chronically hostile and toxic to recovery. The patient is unable to cope with the negative effects of this environment on recovery, and the environment may pose a threat to the patient's safety.
	<i>Mental Health</i>	<i>Mental Health</i>	<i>Mental Health</i>	<i>Mental Health</i>	<i>Mental Health</i>
	Has a supportive environment or is able to cope with poor supports.	Has passive supports or significant others not interested in improved mental health but they are able to cope.	Environment is not supportive of good mental health but, with clinical structure, they are able to cope most of the time.	Environment is not supportive of good mental health and they find coping difficult, even with clinical structure.	A. No immediate action required: Environment is not supportive and is chronically hostile and toxic to good mental health Able to cope with the negative effects of the environment on their recovery. B. Immediate Action Required: Environment is not supportive and is chronically hostile to a safe mental health environment posing an immediate threat to their safety and well being. (ex

Coordination of Physical and Behavioral Health Form

Coordination with Primary Care Physicians and Behavioral Health Services

Coordination of care between behavioral health care providers and health care providers is necessary to optimize the overall health of a client. Behavioral Health Services (BHS) values and expects coordination of care with health care providers, linkage of clients to medical homes, acquisition of primary care provider (PCP) information and the entry of all information into the client's behavioral health record. With healthcare reform, BHS providers shall further strengthen integration efforts by improving care coordination with primary care providers. Requesting client/guardian authorization to exchange information with primary care providers is mandatory, and upon authorization, communicating with primary care providers is required. **County providers shall utilize the *Coordination and/or Referral of Physical & Behavioral Health Form & Update Form*, while contracted providers may obtain legal counsel to determine the format to exchange the required information. This requirement is effective immediately and County QI staff and/or COTR will audit to this standard beginning FY 13-14.**

For all clients:

Coordination and/or Referral of Physical & Behavioral Health Form:

- Obtain written consent from the client/guardian on the *Coordination and/or Referral of Physical & Behavioral Health Form*/contractor identified form at intake, but no later than 30 days of episode opening.
- For clients that do not have a PCP, provider shall connect them to a medical home. Contractor will initiate the process by completing the *Coordination and/or Referral of Physical & Behavioral Health Form* /contractor form and sending it to the PCP within 30 days of episode opening. It is critical to have the specific name of the treating physician.
- Users of the form shall check the appropriate box at the top of the *Coordination and/or Referral of Physical & Behavioral Health Form* /contractor form noting if this is a referral for physical healthcare, a referral for physical healthcare and medication management, a referral for total healthcare, or coordination of care notification only. If it is a referral for physical healthcare, or physical healthcare and medication management, type in your program name in the blank, and select appropriate program type.

Coordination of Physical and Behavioral Health Update Form:

- Update and send the *Coordination of Physical and Behavioral Health Update Form* /contractor form if there are significant changes like an addition, change or discontinuation of a medication.
- Notify the PCP when the client is discharged from services by sending the *Coordination of Physical and Behavioral Health Update Form* /contractor form. The form shall be completed prior to completion of a discharge summary.

Tracking Reminders:

- Users of the form shall have a system in place to track the expiration date of the authorization to release/exchange information.
- Users of the form shall have a system in place to track and adhere to any written revocation for authorization to release/exchange information.
- Users of the form shall have a system in place to track and discontinue release/exchange of information upon termination of treatment relationship. Upon termination of treatment the provider may only communicate the conclusion of treatment, but not the reason for termination.

Memorandum of Agreement with Medi-Cal Managed Care Plans

ADDENDUM TO HEALTHY SAN DIEGO MENTAL HEALTH MEMORANDUM OF AGREEMENT

This second Addendum (“Addendum #2”) is an addendum to the signed Memorandum of Agreement (MOA) between San Diego County Division of Behavioral Health Services (hereinafter referred to as SDCBHS) and the Medi-Cal Managed Care Health Plan, (hereinafter referred to as the “Plan”). The purpose of the Addendum #2 is to describe the responsibilities of the SDCBHS and Plan for coordination of Medi-Cal alcohol and other drug services for Plan Members served by both parties in San Diego County under the Department of Health Care Services (DHCS) Medi-Cal Managed Care Program.

The Addendum #2 delineates the specific roles and responsibilities by SDCBHS and Plan for screening, referral, coordination and delivery of alcohol and other drug services for Medi-Cal beneficiaries, who meet the medical necessity criteria for Medi-Cal services and identified by DHCS as a Medi-Cal Managed Care Health Plan benefit. MHSUDS Information Notice No: 16-005 has been used as the reference for the required elements in the Addendum. All references in this addendum to “Members” are limited to the Plan’s Members.

Healthy San Diego (HSD) and its workgroups are the County collaborative for addressing the operations between the county and the managed care plans related to the Drug Medi-Cal Organized Delivery System (DMC-ODS) Waiver within San Diego County. The HSD Behavioral Health Work Group consists of all San Diego County Medi-Cal Managed Care plans, SDCBHS, health plan and Alcohol and Drug Services providers, community clinics, psychiatric hospitals and advocates. The HSD Behavioral Health Work Group's Operations Team is a sub group with a focus on operational issues including oversight, MOA development and management, selection of screening tools, referral guides and development of policy & procedures.

BACKGROUND

On November 2, 2010, the Centers for Medicare and Medicaid Services (CMS) approved California’s Health and Human Services Agency request for approval regarding the California section 1115 five-year Medicaid Demonstration, titled “California’s Bridge to Reform” (Waiver 11-W-00193/9) under the authority of section 1115(a) of the Social Security Act. On December 30, 2015, CMS approved California’s 1115 Waiver Renewal, titled Medi-Cal 2020, to continue to pursue a positive transformation of the Medi-Cal system. On August 13, 2015, CMS approved the California Department of Health Care Services proposed amendment of the Special terms and Conditions of Waiver 11-W-00193/9. This amendment to California’s Bridge to Reform Waiver authorizes California to implement a new paradigm for Medicaid eligible individuals with substance use disorder (SUD) called the Drug Medi-Cal Organized Delivery System (DMC-ODS). Critical elements include:

- Providing a continuum of care modeled after the American Society of Addiction Medicine (ASAM) Criteria for substance use disorder treatment services
- Increased local control and accountability

- Greater administrative oversight
- Creation of utilization controls to improve care and efficient use of resources
- Evidence based practices in substance abuse treatment
- Integrate care with mental health and physical health

TERMS

This Addendum shall commence on January 1, 2017 and shall continue under the terms of the existing MOA.

OVERSIGHT RESPONSIBILITIES OF THE PLAN AND SDCBHS

1. The Plan has responsibility to work with the County to insure that oversight is coordinated and comprehensive and that the Member's healthcare is at the center of all oversight. Specific processes and procedures will be developed cooperatively through the Healthy San Diego Behavioral Health Work Group's Operations Team, as will any actions required to identify and resolve any issues or problems that arise.
2. The Healthy San Diego Behavioral Health Work Group's Operations Team will serve as the committee that will be responsible for program oversight, quality improvement, problem and dispute resolution, and ongoing management of the addendum to the existing MOA.
3. The Plan and SDCBHS will formulate a multidisciplinary clinical team oversight process for clinical operations: screening, assessment, referrals, care management, care coordination, and exchange of medical information. The Plan and SDCBHS will determine the final composition of the multidisciplinary teams to conduct this oversight function.
4. The Plan and the SDCBHS will designate as appropriate and when possible the same staff to conduct tasks associated within the oversight and multidisciplinary clinical teams.

SPECIFIC ROLES AND RESPONSIBILITIES

A. Screening, Assessment and Referral

1. Determination of Medical Necessity
 - a. SDCBHS will follow the medical necessity criteria outlined for the Drug Medi-Cal Organized Delivery System described in the 1115 Waiver Standard Terms and

Conditions. DMC-ODS shall be available as a Medi-Cal benefit for individuals who meet the medical necessity criteria and reside in a county that opts into the Pilot program.

- b. The Plan will be responsible for determining medical necessity as it relates to covered health care benefits, as outlined in 22 CCR51303(a).

2. Assessment Process

- a. The Plan and SDCBHS shall develop and agree to written policies and procedures regarding agreed-upon screening, assessment and referral processes.
- b. SDCBHS and the Plan will distribute to the community and to their providers the current version of the American Society of Addiction Medicine (ASAM) Patient Placement Criteria (PPC Adult & Adolescent) crosswalk that identifies the criteria utilized to assist with determining the appropriate treatment level of care to ensure providers are aware of SUD levels of care for referral purposes.
- c. The Plan providers will ensure a substance use, physical, and mental health screening, including ASAM Level 0.5 SBIRT services for Members, is available.

3. Referrals

- a. SDCBHS and Plan shall develop and agree to written policies and procedures regarding referral processes and tracking of referrals, including the following:
 - i. SDCBHS will accept referrals from Plan staff, providers and Members' self-referral for determination of medical necessity for alcohol and other drug services.
 - ii. The Plan accepts referrals from SDCBHS staff, providers and Members' self-referral for physical health services.

B. Care Coordination

1. The Plan and County will develop and agree to policies and procedures for coordinating health care for Members enrolled in the Plan and receiving alcohol and other drug services through SDCBHS.
2. An identified point of contact from each party to serve as a liaison and initiate, provide, and maintain the coordination of care as mutually agreed upon in Plan and SDCBHS protocols.
3. Coordination of care for alcohol and other drug treatment provided by SDCBHS shall occur in accordance with all applicable federal, state and local regulations. A process for shared development of care plans by the beneficiary, caregivers and all providers and collaborative treatment planning activities will be developed to ensure clinical integration between DMC-ODS and managed care providers.

4. The County and the Plan will promote availability of clinical consultation for shared clients receiving physical health, mental health and/or SUD services, including consultation on medications when appropriate.
5. The delineation of case management responsibilities will be outlined.
6. Regular meetings to review referral, care coordination, and information exchange protocols and processes will occur with County and Plan representatives.

C. Information Exchange

SDCBHS and Plan will develop and agree to Information sharing policies and procedures and agreed upon roles and responsibilities for timely sharing of personal health information (PHI) for the purposes of medical and behavioral health care coordination pursuant to Title 9, CCR, Section 1810.370(a)(3) and other pertinent state and federal laws and regulations, including the Health Insurance Portability and Accountability Act, Title 22 and 42 CFR part 2, governing the confidentiality of mental health, alcohol and drug treatment information. (All jointly developed policies and procedures are attachments to this MOA addendum; please see attachment for more details).

D. Reporting and Quality Improvement Requirements

SDCBHS and Plan will have policies and procedures to address quality improvement requirements and reports.

1. Hold regular meetings, as agreed upon by the SDCBHS and the Plan, to review the referral and care coordination process and monitor Member engagement and utilization.

E. Dispute Resolution Process

At this time, the Plan and SDCBHS agree to follow the resolution of dispute process in accordance to Title 9, Section 1850.505, and the contract between the Plans and the State Department of Health Care Services (DHCS) and Centers for Medicare & Medicaid Services (CMS). A dispute will not delay member access to medically necessary services and the referenced process is outlined in Resolution of Disputes section 11.9 of the signed MOA.

F. Telephone Access

SDCBHS must ensure that Members will be able to assess services for urgent or emergency services 24 hours per day, 7 days a week.

The approach will be the “no wrong door” to service access. There will be multiple entry paths for beneficiaries to access alcohol and other drug services. Referrals may come from primary care physicians, providers, Plan staff, County Departments, and self-referral by calling SDCBHS’ toll free number that will be available 24 hours per day, 7 days a week for service access, service authorization and referral.

G. Provider and Member Education

The Plan and SDCBHS shall determine the requirements for coordination of Member and provider information about access to Plan and SDCBHS covered services to increase navigation support for beneficiaries and their caregivers.

H. Point of Contact for the MOA Addendum

The Point of Contact for the MOA Addendum will be a designated liaison from both SDCBHS and the Plan.

San Diego County DMC-ODS
Policy/Procedure: Information Exchange
Date: September, 2016

I. PURPOSE

To outline responsibilities for information exchange between the County of San Diego Behavioral Health Services (BHS) and the Managed Care Health Plans (Plans) within the Drug Medi-Cal Organized Delivery System (DMC-ODS).

II. BACKGROUND

On November 2, 2010, the Centers for Medicare and Medicaid Services (CMS) approved California's Health and Human Services Agency request for approval regarding the California section 1115 five-year Medicaid Demonstration, titled "California's Bridge to Reform" (Waiver 11-W-00193/9) under the authority of section 1115(a) of the Social Security Act. On December 30, 2015, CMS approved California's 1115 Waiver Renewal, titled Medi-Cal 2020, to continue to pursue a positive transformation of the Medi-Cal system. On August 13, 2015, CMS approved the California Department of Health Care Services proposed amendment of the Special terms and Conditions of Waiver 11-W-00193/9. This amendment to California's Bridge to Reform Waiver authorizes California to implement a new paradigm for Medicaid eligible individuals with a substance use disorder (SUD) called the Drug Medi-Cal Organized Delivery System (DMC-ODS).

III. POLICY

To the extent feasible and in compliance with all applicable federal, state and local requirements, the Plans or its subcontractors and BHS or its subcontractors will exchange personal health information (PHI) for the purposes of medical and behavioral health care coordination pursuant to Title 9, CCR, Section 1810.370(a)(3) and in compliance with 42 CFR, Title 22 and other state and federal privacy laws.

IV. SCOPE

The scope of this policy applies to BHS and the Plans, and their subcontractors.

V. PROCEDURES

Health Plan Responsibilities:

The Plan, or providers, will provide medical care and coordination of members' health care, including the exchange of medical records information as appropriate, with members' other

healthcare providers or providers of Specialty Mental Health Services and Substance Use Disorder Services in accordance with all applicable federal, state and local requirements.

- The confidentiality of medical information and personal data of all members will be maintained per the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Policies, 42 CFR Part 2, Title 22 and other state and federal privacy laws.
- Medical records and information may be exchanged via secured fax, encrypted email, and/or telephone.

BHS Responsibilities:

BHS or contracted DMC providers will provide management of a member’s behavioral health care, including the exchange of medical records information as appropriate, with a member’s other healthcare providers or providers of Specialty Mental Health Services and Substance Use Disorder Services in accordance with all applicable federal, state and local requirements

- The confidentiality of medical information and personal data of all members will be maintained, per the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Policies, 42 CFR Part 2, Title 22 and other state and federal privacy laws.
- Medical records and information may be exchanged via secured fax, encrypted email, and/or telephone.

VI. REVIEW STATEMENT

The DMC-ODS Behavioral Health policies and procedures are subject to amendment at any time at the discretion and mutual agreement of the County of San Diego Behavioral Health Services Division and Managed Care Health Plans.

San Diego County DMC-ODS
Policy/Procedure: Screening and Assessment Process
Date: September, 2016

I. PURPOSE

To establish a SUD related screening method used by the Plan and an assessment process used by BHS within the San Diego County's DMC-ODS. To establish criteria for when and how the Plan will refer beneficiaries to Substance Use Disorder Services (via County Behavioral Health Services [BHS]) and how BHS will determine medical necessity for provision of appropriate SUD services.

II. BACKGROUND

On November 2, 2010, the Centers for Medicare and Medicaid Services (CMS) approved California's Health and Human Services Agency request for approval regarding the California section 1115 five-year Medicaid Demonstration, titled "California's Bridge to Reform" (Waiver 11-W-00193/9) under the authority of section 1115(a) of the Social Security Act. On December 30, 2015, CMS approved California's 1115 Waiver Renewal, titled Medi-Cal 2020, to continue to pursue a positive transformation of the Medi-Cal system. On August 13, 2015, CMS approved the California Department of Health Care Services proposed amendment of the Special terms and Conditions of Waiver 11-W-00193/9. This amendment to California's Bridge to Reform Waiver authorizes California to implement a new paradigm for Medicaid eligible individuals with a substance use disorder (SUD) called the Drug Medi-Cal Organized Delivery System (DMC-ODS).

III. POLICY

The Plans will ensure the Screening, Brief Intervention, and Referral to Treatment (SBIRT) approach is available to beneficiaries. The Plans will work to ensure appropriate referrals to Substance Use Disorder Services as indicated.

BHS contracted providers will conduct a psychosocial behavioral health assessment to determine if designated BHS target population and medical necessity requirements are met and to indicate an appropriate treatment level of care using American Society of Addiction Medicine (ASAM) criteria.

IV. SCOPE

The scope of this policy applies to BHS and Plans and their subcontractors.

V. PROCEDURES

Managed Care Plans will ensure the SBIRT approach is available to beneficiaries. The Plans will work to ensure appropriate referrals to Substance Use Disorder Services as indicated. All

requests and referrals for SUD services will be directed to the Access and Crisis Line or to a DMC-ODS provider for further screening and assessment.

BHS DMC-ODS contracted providers will conduct a psychosocial behavioral health assessment and utilize the ASAM criteria to determine medical necessity and the appropriate treatment level of care for beneficiaries seeking SUD services.

VI. REVIEW STATEMENT

The DMC-ODS policies and procedures are subject to amendment at any time at the discretion and mutual agreement of the County of San Diego Behavioral Health Services Division and Managed Care Health Plans.

San Diego County DMC-ODS
Policy / Procedure: Informing Member & Caregiver of Community Based Placement, Services, Resources & Referrals
Date: September, 2016

I. PURPOSE

To provide Medi-Cal Managed Care Plan members and other Medi-Cal beneficiaries with community based placement, services, resources & referral options for Substance Use Disorder Services.

II. BACKGROUND

On November 2, 2010, the Centers for Medicare and Medicaid Services (CMS) approved California's Health and Human Services Agency request for approval regarding the California section 1115 five-year Medicaid Demonstration, titled "California's Bridge to Reform" (Waiver 11-W-00193/9) under the authority of section 1115(a) of the Social Security Act. On December 30, 2015, CMS approved California's 1115 Waiver Renewal, titled Medi-Cal 2020, to continue to pursue a positive transformation of the Medi-Cal system. On August 13, 2015, CMS approved the California Department of Health Care Services proposed amendment of the Special terms and Conditions of Waiver 11-W-00193/9. This amendment to California's Bridge to Reform Waiver authorizes California to implement a new paradigm for Medicaid eligible individuals with a substance use disorder (SUD) called the Drug Medi-Cal Organized Delivery System (DMC-ODS).

III. POLICY

The Healthy San Diego (HSD) Behavioral Health Work Group will serve as a resource for information about placement, services, resources & referral options for Medi-Cal members. The HSD Behavioral Health Work Group is made up of a variety of stakeholders, including the following organizations, individuals and providers:

- Managed Care Health Plans
- County of San Diego, Behavioral Health Services (BHS)
- County of San Diego, Health and Human Services Agency (HHS)
- Hospital Association of San Diego and Imperial Counties (HASDIC)
- Alcohol and Drug Services Providers' Association (ADSPA)
- DMC-ODS Providers
- Psychiatric health facilities
- The Consumer Center for Health Education & Advocacy (CCHEA)
- Federally Qualified Health Centers
- Behavioral health advocates
- Behavioral health providers
- Consumer advocates

- San Diego Regional Center (SDRC)
- National Alliance on Mental Illness (NAMI)

IV. SCOPE

The scope of this policy applies to County BHS, Plans and their staff who work directly with members, caregivers and providers.

V. PROCEDURES

The HSD Behavioral Health Work Group increases awareness about the full array of community based services available to serve Medi-Cal members across the full spectrum of physical and behavioral health services in San Diego County. This assists with system navigation support for members and their caregivers.

The following is a sample of identified community based services:

- Aging and Disabilities Resource Center (ADRC)
- Alcohol and Other Drug Outpatient and Intensive Outpatient programs
- Alcohol and Other Drug Residential programs
- Narcotic Treatment Programs
- 2-1-1 San Diego
- Consumer Center for Health Education & Advocacy (CCHEA)
- Legal Aid Society of San Diego
- Home delivered meals
- Access and Crisis Line
- Transportation
- Peer to peer counseling
- Family/Caregiver support
- Crisis residential services
- Homeless shelters
- Housing options
- Board & Cares
- Independent living facilities
- Sober living homes
- In-home Supportive Services (IHSS)

The HSD Behavioral Health Work Group representatives are responsible to educate and train their staff and providers on the availability of these programs and how to access appropriate care.

When a referral is received from a Health Plan/Health Plan provider the BHS DMC-ODS program will document the referral for tracking purposes.

VI. REVIEW STATEMENT

The DMC-ODS Behavioral Health policies and procedures are subject to amendment at any time at the discretion and mutual agreement of the County of San Diego Behavioral Health Services Division and Managed Care Health Plans.

San Diego County DMC ODS

Policy / Procedure: Annual Review, Analysis and Evaluation of the Coordination of Care

Date: September, 2016

I. PURPOSE

To ensure that the coordination of care between all entities accomplishes the goals of alleviation of fragmentation; improvement of service coordination and transition of care among all care settings; coordination of state and federal benefits to improve continuity of care; improvement of care quality and reduction of health disparities; improvement of beneficiary experience in accessing care; delivery of person-centered care; meeting beneficiaries' health and functional needs; and promoting independent community living and self-direction of care.

II. BACKGROUND

On November 2, 2010, the Centers for Medicare and Medicaid Services (CMS) approved California's Health and Human Services Agency request for approval regarding the California section 1115 five-year Medicaid Demonstration, titled "California's Bridge to Reform" (Waiver 11-W-00193/9) under the authority of section 1115(a) of the Social Security Act. On December 30, 2015, CMS approved California's 1115 Waiver Renewal, titled Medi-Cal 2020, to continue to pursue a positive transformation of the Medi-Cal system. On August 13, 2015, CMS approved the California Department of Health Care Services proposed amendment of the Special terms and Conditions of Waiver 11-W-00193/9. This amendment to California's Bridge to Reform Waiver authorizes California to implement a new paradigm for Medicaid eligible individuals with a substance use disorder (SUD) called the Drug Medi-Cal Organized Delivery System (DMC-ODS).

III. POLICY

Plans will provide members all medically necessary covered mental health services for the mild to moderate population and physical health care services currently covered by Medi-Cal, as applicable, and required pursuant to the Plans Medi-Cal managed care contract. The DMC-ODS pilot promotes integrated delivery of medical and behavioral health Medi-Cal services. Drug Medi-Cal substance use treatment services will not be the financial responsibility of the Plans but will be included for the coordination of services.

County agencies will continue to administer Drug Medi-Cal Services under DMC-ODS, and the Plans and County of San Diego will have written memoranda of agreements (MOAs) outlining how they will coordinate services. The services and the coordination of care between the County and the Plans will be reviewed, analyzed and evaluated on an annual basis.

III. THE HEALTHY SAN DIEGO BEHAVIORAL HEALTH WORKGROUP

This workgroup will serve as a primary resource and maintain up-to-date listings of community based services available to Medi-Cal members. Stakeholder involvement, including consumers, in the development and ongoing operations of the program will be a part of the Healthy San Diego (HSD) Behavioral Health Work Group process. Ongoing feedback from external stakeholders, as appropriate, will also be included in the work group.

The HSD Behavioral Health Work Group is made up of a variety of stakeholders, including the following organizations/providers:

- Managed Care Health Plans
- County of San Diego, Behavioral Health Services (BHS)
- County of San Diego, Health and Human Services Agency (HHS)
- DMC-ODS Providers
- Alcohol and Drug Services Providers Association (ADSPA)
- Hospital Association of San Diego and Imperial Counties (HASDIC)
- Psychiatric health facilities
- The Consumer Center for Health Education & Advocacy (CCHEA)
- Federally Qualified Health Centers
- Behavioral health advocates
- Behavioral health providers
- Consumer advocates
- San Diego Regional Center (SDRC)
- National Alliance on Mental Illness (NAMI)

IV. SCOPE

The scope of this policy applies to County BHS, Plans and their providers who work directly with members, caregivers and providers.

V. REVIEW STATEMENT

The Medi-Cal Behavioral Health policies and procedures are subject to amendment at any time at the discretion and mutual agreement of the County of San Diego Behavioral Health Services Division and Managed Care Health Plans.

VI. QUALITY MONITORING AND EVALUATION

Performance outcomes outlined in the Special Terms and Conditions of Waiver 11-W-00193/9 and the Evaluation framework approved by CMS June 20, 2016 are intended to ensure better health outcomes, better care and lower costs through a comprehensive quality management program by the County.

Performance Measures

Identified performance metrics will serve as the foundation for improving outcomes and reducing costs. These metrics will be collected and reported in alignment with the CMS approved DMC-ODS Evaluation Plan through the University of California, Los Angeles, Integrated Substance Abuse Programs. This evaluation will measure and monitor the outcomes from the DMC-DOS Waiver with a focus on the four key areas of access, quality, cost and integration and coordination of care.

Measures specific to Integration and Coordination of Care activities, and data proposed by UCLA to evaluate, include:

- SUD treatment being coordinated as intended with primary care, mental health, and recovery support services? **(DMC and Medi-Cal data)**
- Existence of required MOUs **(Surveys, Interviews, & Document Review)**
 - Bidirectional referral protocols between plans;
 - Availability of clinical consultation, including consultation on medications, the management of a beneficiary's care, including procedures for the exchanges of medical information and a process for resolving disputes between the county and the Medi-Cal managed care plan that includes a means for beneficiaries to receive medically necessary services while the dispute is being resolved.
- Assessment of coordination goals **(Provider & Patient Surveys/Interviews)**
 - Comprehensive substance use, physical, and mental health screening;
 - Beneficiary engagement and participation in an integrated care program as needed;
 - Shared development of care plans by the beneficiary, caregivers and all providers;
 - Care coordination and effective communication among providers;
 - Navigation support for patients and caregivers; and
 - Facilitation and tracking of referrals between systems.
- Quantify referrals to and from primary care and mental health
- Quantify referrals to and from recovery services paid for by the DMC-ODS

San Diego County DMC ODS

Policy / Procedure: Referral Process and Coordination of Care

Date: August, 2016

I. PURPOSE

To describe the referral process and coordination of care between Plans and Behavioral Health Services (BHS) for Medi-Cal members accessing Substance Use Disorder Services through the DMC-ODS.

II. BACKGROUND

On November 2, 2010, the Centers for Medicare and Medicaid Services (CMS) approved California's Health and Human Services Agency request for approval regarding the California section 1115 five-year Medicaid Demonstration, titled "California's Bridge to Reform" (Waiver 11-W-00193/9) under the authority of section 1115(a) of the Social Security Act. On December 30, 2015, CMS approved California's 1115 Waiver Renewal, titled Medi-Cal 2020, to continue to pursue a positive transformation of the Medi-Cal system. On August 13, 2015, CMS approved the California Department of Health Care Services proposed amendment of the Special terms and Conditions of Waiver 11-W-00193/9. This amendment to California's Bridge to Reform Waiver authorizes California to implement a new paradigm for Medicaid eligible individuals with a substance use disorder (SUD) called the Drug Medi-Cal Organized Delivery System (DMC-ODS).

III. POLICY

Criteria for Substance Use Disorder Services are described in Title 22, California Code of Regulations (CCR), and Section 51341 Drug Medi-Cal Services. All substance related treatment is provided by County BHS contracted providers.

The Plans will cover case management services as appropriate within the scope of the Medi-Cal benefit as required under the plans contract, and will coordinate referrals to BHS for members requiring Substance Use Disorder Services to the extent feasible.

The Plans will provide coordination of care and initiate appropriate referrals in conjunction with BHS and contracted DMC-ODS providers.

IV. SCOPE

The scope of this policy applies to Plans and to County BHS, regarding Substance Use Disorder Services (via BHS).

V. PROCEDURES

A. Health Plan Liaison Coordination

Participating Plan liaisons will collaborate with the BHS liaison to:

1. Develop and update required policies and procedures
2. Communicate as stipulated in the Memorandum of Agreement (MOA) Addendum with the BHS liaison to facilitate the exchange of information and data, to promote care coordination and review the care coordination process.
3. Identify opportunities to share resources and to maximize positive health outcomes. This collaborative arrangement will provide a mechanism to identify challenges and opportunities for improvement and to correct problems associated with referrals and care coordination.

B. Care Coordination with BHS, DMC-ODS Providers, Health Plans & Physical Health Providers for Substance Use Disorder Services (via BHS)

BHS and DMC-ODS Provider Participation

For those members identified as needing physical health services, DMC-ODS providers will request participation from Plans and/or Physical Health Providers. The DMC-ODS provider will initiate care coordination efforts including conference calls and/or other suitable methods of communication, as appropriate.

The DMC-ODS provider will make available the results of any relevant information such as assessments and/or treatment progress through direct phone contact and /or other means with the member and/or caregiver in alignment with all confidentiality regulations.

Health Plan and Physical Health Provider Participation

The Plans and/or Physical Health Providers will communicate with BHS DMC-ODS providers and be available to offer clinical consultation regarding physical health care conditions and/or medications prescribed through Plan providers, as appropriate.

1. Each Plan liaison staff will be available to work with the Physical Health Provider and/or BHS liaison or DMC-ODS provider to coordinate the member's service needs if indicated.
2. The Physical Health Provider or Plan liaison will be available to communicate and coordinate services with BHS liaison and/or DMC-ODS providers to facilitate the implementation of the service plan.
3. For members identified by the Plan as needing care management and care coordination services, activities may include:

- Coordination of medical and non-medical services between the Physical Health provider and BHS DMC-ODS provider, case manager and the member's family/caregiver, as appropriate.
- Communication and collaboration with BHS DMC-ODS provider as needed to assist the Physical Health provider, to facilitate the implementation of the service plan and to coordinate referrals to other providers deemed appropriate based on member needs.

If the member is receiving Plan care management or care coordination services and is referred and accepted into a BHS DMC-ODS program, each Plan's designated staff will assess the case to determine how joint care management is needed.

- If additional care management services from the Plan are not needed, the Plan designated staff will document the findings and actions in their respective system.
 - If care coordination services are required or requested, each Plan's designated staff will follow respective internal desk procedures and regulations for approval to discuss the member's case with the BHS DMC-ODS provider or applicable local governmental agency.
4. BHS DMC-ODS providers will be responsible for coordinating related case management services for the DMC-ODS client in treatment. BHS providers will also coordinate a system of case management services with physical and/or mental health providers in order to ensure appropriate levels of care.
- Case management for member medical issues and linkages to Plan covered health services will be the responsibility of Plan.
 - Case management services are defined as a service that assist a beneficiary to access needed medical, educational, social, prevocational, vocational, rehabilitative, or other community services. These services focus on coordination of alcohol and other drug care, integration around primary care especially for beneficiaries with a chronic substance use disorder, and interaction with the criminal justice system, if needed.

BHS Case Management services include:

1. Comprehensive assessment and periodic reassessment of individual needs to determine the need for continuation of case management services;
2. Transition to a higher or lower level of SUD care;
3. Development and periodic revision of a client plan that includes service activities;

4. Communication, coordination, referral and related activities;
5. Monitoring service delivery to ensure beneficiary access to service and the service delivery system;
6. Monitoring the beneficiary's progress;
7. Patient advocacy, linkages to physical and mental health care, and transportation, when applicable.

Plan Case Management services include:

1. Coordination of care activities
2. Medical referrals
3. Continuity of Care activities
4. Follow-up on missed medical appointments
5. Communication with specialists
6. Linkage and care coordination as needed for any necessary social support need identified by Plan

C. Referral Process

BHS Responsibilities:

1. BHS DMC-ODS providers will accept referrals, as stated in the MOA, from the Plan, providers and members for determination of BHS medical necessity.
2. Referrals to BHS for Substance Use Disorder Services may be made in a variety of ways, including self-referral.
3. Members referred to BHS will be evaluated for appropriate Substance Use Disorder Services by contracted BHS providers.

Health Plan Responsibilities

1. Plans will assist Physical Health Providers and network providers, as needed, in making appropriate and timely referrals.

D. Confidentiality

The confidentiality of medical information and personal data of all members will be maintained, per the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Policies, 42 CFR Part 2, Title 22 and other state and federal privacy laws.

1. In the substance abuse field, confidentiality is governed by federal law (42 U.S.C. § 290dd-2) and regulations (42 CFR Part 2) that outline under what limited circumstances information about the client's treatment may be disclosed with and without the client's consent.

2. Confidential member information includes any individually identifiable information about an individual's character, habits, avocation, occupation, finances, credit, reputation, health, medical history, mental or physical condition or treatment. Confidential member information may be learned in either a casual or formal setting including conversation, computer screen data, faxes, or any written form.
3. Each plan recognizes that 42 CFR Part 2 applies to any program that
 - involves substance abuse education, treatment, or prevention and
 - is regulated or assisted by the federal government (42 U.S.C. § 290dd-2; 42 C.F.R. § 2.11-2.12);
4. Reports from Substance Use Disorder Services and related (specialty) consultations are considered confidential and sensitive.
