Shared Workflows: County & MCP Coordination

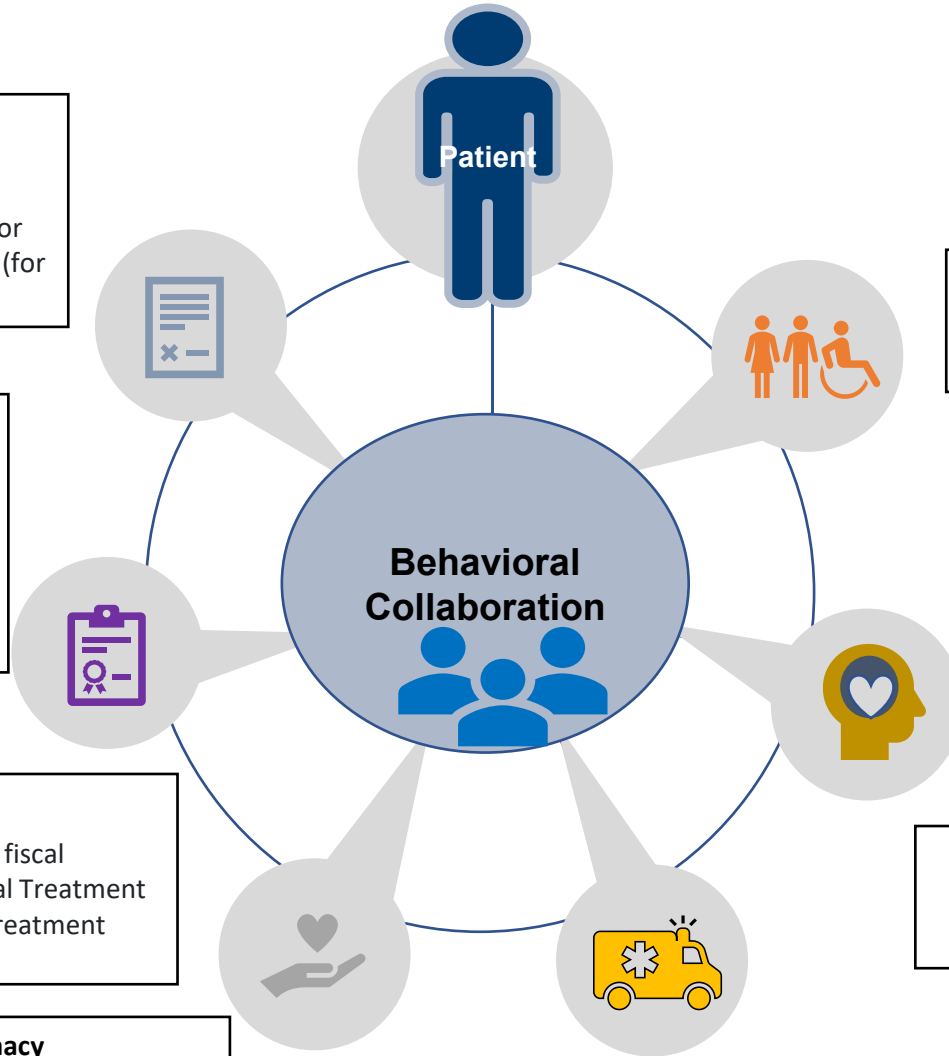

DHCS Screening & Transition Tools
[APL 22-028](#) / [BHIN 22-065](#): Incorporate the DHCS standardized tool for initial screening for adults & youth (for new members) and transitions of care referral (TOC) form (for existing patients).

No Wrong Door - Non-Specialty & Specialty MH Services
[APL 22-005](#) [APL 22-006](#) / [BHIN 22-011](#): Increased coordination & billing between MCP & the County so that members can access or transition services to the appropriate delivery system.

Eating Disorders (EDO)
[APL 22-003](#) / [BHIN 22-009](#) MCPs and County BH share fiscal responsibility for partial Hospitalization and Residential Treatment for EDO as it includes physical and behavioral health treatment components.

Pharmacy

No Wrong Door

Essentially, there is “no wrong door” to begin accessing mental health services. The County and MCPs work together to connect a member to appropriate services.

The goal of No Wrong Door (NWD) is to ensure members have access to the right care, in the right place, at the right time.

As described in [APL 22-028](#) and [BHIN 22-065](#), MCP providers and MHP providers who are contacted directly by individuals seeking mental health services are to begin the assessment process and provide services during the assessment period without using the Screening Tools, consistent with the No Wrong Door for Mental Health Services Policy described in [BHIN 22-011](#).

As a member may move between different levels of care, it is vital that service providers complete a **warm hand off** with each other to provide continuity of care.

Assessment of BH concerns

When members are screened and assessed for Behavioral Health concerns, including Substance Use Disorders, there is a determination of acuity: Mild, Moderate, Severe to indicate the appropriate delivery system

- SMH criteria 21+ years old is based on impairment severity, NOT diagnosis
- SMH criteria under 21 years old is based on risk or potential harm. NO diagnosis is required
- Clinical judgement and team-based care is used to determine severity

Mild to Moderate Mental Illness

- Non-Specialty Mental Health (NSMH) services**
- Provided by Medi-Cal Managed Care Plan (MCP)
Blue Shield Promise, CHG, Kaiser, Molina

Severe Mental Illness (SMI)

- Specialty Mental Health Services (SMHS)
- Provided by County Mental Health Plan (MHP)
- County Mental Health Providers

Substance Use Disorders (SUD):

- Drug Medi-Cal Organized Delivery System (DMC-ODS) services
- Provided by County DMC-ODS Plan
- County SUD Providers

**For additional information, refer to [APL 22-006](#) Medi-Cal Managed Care Health Plan Responsibilities for Non-specialty Mental Health Services

Screening for Medi-Cal MH Services

[Adult and Youth Screening Tools](#): Determine the most appropriate Medi-Cal mental health delivery system (e.g., County MHP or Medi-Cal MCP) for members who are not currently receiving mental health services when they contact the MCP or MHP seeking mental health services.

As described in [APL 22-028](#) and [BHIN 22-065](#), MCP providers and MHP providers who are contacted directly by individuals seeking mental health services are to begin the assessment process and provide services during the assessment period without using the Screening Tools, consistent with the No Wrong Door for Mental Health Services Policy described in [BHIN 22-011](#).

Transition of Care for Medi-Cal MH Services

The [Transition of Care Tool](#) (Adult and Youth) leverages existing clinical information to document an individual's mental health needs and facilitate a referral to the individual's Medi-Cal Managed Care Plan (MCP) or county Mental Health Plan (MHP) as needed.

The Transition of Care Tool is to be used when an individual who is receiving mental health services from one delivery system experiences a change in their service needs **and** 1) their existing services need to be transitioned to the other delivery system **or** 2) services need to be added to their existing mental health treatment from the other delivery system.

Process: The determination to transition services to and/or add services from the other mental health delivery system must be made by a clinician in alignment with protocols. Once a clinician has made the determination to transition care or refer for services, all the following actions must be taken:

1. Complete the Transition of Care Tool.
2. Send the Transition of Care Tool and any relevant supporting documentation to the plan the beneficiary is being referred to.
3. Continue to provide necessary mental health services and coordinate the transition of care or service referral with the receiving plan, including follow up to ensure services have been made available to the individual.

Eating Disorders

- Effective treatment of eating disorders involves a combination of physical and mental health interventions, often provided through an integrated therapeutic modality, program, or setting.
- MHPs and MCPs share a joint responsibility to provide medically necessary services to Medi-Cal beneficiaries with eating disorders.
- Beneficiaries identified as requiring medically necessary eating disorder treatment will be reviewed for clinical need based on established criteria and authorized by the MHP for program services at the appropriate level of care.
- MHP or MCP will convene clinical review meetings to coordinate case management as needed by both the MHP and MCP.
- MHP and MCP have collaboratively established a shared cost allocation schedule for treatment services and have identified an invoicing and payment process.
- For additional information, call the Access and Crisis Line

Medi-Cal Transportation Benefit

Nonemergency medical transportation (NEMT) is transportation by ambulance, wheelchair van, or litter van for beneficiaries who cannot use public or private transportation to get to and from covered Medi-Cal services, and who need assistance to ambulate.

- NEMT is available to all beneficiaries when their medical and physical condition does not allow them to travel by bus, passenger car, taxicab, or another form of public or private transportation. Services must be prescribed by a health care provider.

Nonmedical transportation (NMT) is private or public transportation to and from covered Medi-Cal services for eligible beneficiaries.

- NMT services are available to all beneficiaries with full-scope Medi-Cal and to pregnant women, including to the end of the month in which the 60th day postpartum falls. Beneficiaries will need to verbally let the transportation provider know that there is no other way for them to get to their appointment.
- Beneficiaries will need to attest to the provider verbally or in writing that they have an unmet transportation need and all other currently available resources have been reasonably exhausted. Reasons for needing NMT can include any of the following:
 - No valid driver's license.
 - No working vehicle available in the household.
 - Not being able to travel or wait for covered Medi-Cal services alone.
 - Having a physical, cognitive, mental, or developmental limitation.
 - No money for gas to get to appointment.

Medi-Cal Transportation Benefit *(continued)*

Transportation is only available to and from covered Medi-Cal services, which includes:

- Medical appointments, including family planning, mental health, and substance use disorder services
- Dental appointments
- Picking up prescriptions
- Picking up medical supplies and equipment

Who can provide NEMT and NMT Services? Licensed, professional medical transportation companies approved and enrolled by Medi-Cal. In addition, Medi-Cal managed care plans also directly contract with other transportation providers for services for plan members.

When to request transportation? Be sure to contact a transportation provider as soon as an appointment is made. It is helpful to request the service at least five business days before an appointment. If there are more than one appointment that is ongoing, transportation can be requested to cover those appointments.

- **Note:** One assistant, such as parent/guardian or spouse, may accompany a beneficiary on a trip provided by NMT. However, transportation is not available for more than one assistant.

To access transportation benefits, call the health plans member services department

Medi-Cal Pharmacy Benefit (Medi-cal Rx)

- Effective January 1, 2022 all pharmacy benefits for Medi-Cal beneficiaries including those in a Medi-Cal Managed Care Plan will be covered by the Department of Health Care Services (DHCS) stated-wide pharmacy benefit called Medi-Cal Rx
 - The change to a state-wide pharmacy benefit does not apply to the following: Programs of All-Inclusive Care for the Elderly (PACE) plans, Senior Care Action Network (SCAN), Cal MediConnect health plans, Major Risk Medical Insurance Program (MRMIP)
- DHCS has contracted with Magellan Medicaid Administration to provide administrative services and supports relative to the Medi-Cal pharmacy benefit.

Medi-Cal Rx will be responsible for managing and resolution of complaints and grievances raised by Managed Care Plan members, their Authorized Representatives, or other interested parties, regarding a Medi-Cal Rx complaint or grievance as well as managing member appeals involving disagreement with benefit-related decisions, such as coverage disputes, disagreeing with and seeking reversal of a request involving medical necessity etc.

MCP Enhanced Care Management (ECM)

ECM is available for select Medi-Cal members with complex needs. Enrolled members receive comprehensive case management from a lead care manager who coordinates health and social services.

To connect an individual to ECM

1. Confirm the individual has active Medi-Cal and identify their Managed Care Plan (MCP).
2. Ensure the individual meets the eligibility criteria for ECM in the [ECM Policy Guide](#).
3. Complete the universal or plan specific ECM referral form linked below and email the form to the assigned MCP's designated email address.

The [Universal ECM Referral Form](#) is accepted by all plans.

Note that the MCP should authorize ECM services within 5 working days for routine authorizations and within 72 hours for expedited requests. If you have not received a response, email or call the MCP for an update.

MCP Community Supports (CS)

CS are medically appropriate and cost-effective services provided by MCPs to help members address their health-related social needs. CS are available to a wide range of members, including those with complex needs and those who are enrolled in ECM. However, members do not need to be enrolled in ECM to access Community Supports.

To connect an individual to Community Supports:

1. Confirm the individual has active Medi-Cal and identify their Managed Care Plan (MCP).
2. Ensure the individual meets the eligibility criteria for Community Supports in the [Community Supports Policy Guide](#).
3. Complete the plan specific Community Supports referral form linked below for each service needed and email the form(s) to the assigned MCP's designated email address.
