

How to Clean up Outstanding SC 998s

It is important to first identify the location of the outstanding SC 998 – The following will show how to look in the Progress Note and Individual Client Services Maintenance window.

Clinician's Home Page – Progress Note:

1. First, the clinician will identify the progress note matching the date of service of the outstanding SC 998.
2. Once identified, the clinician will open the progress note and click on the **show** button of the progress note service to identify the service code attached to the progress note.
3. The service window of the progress note will open. Check the service code field to verify if the SC 998 is attached to the progress note.

The screenshot shows the 'Enter/Edit Client Service' window. The 'Service' field is highlighted in red and contains the text 'PENDING VOID AND REENTRY 998'. The 'Duration' field is set to '0:50'. The 'Date' field is set to '01/01/2016'. The 'Server' field is set to 'TEST, CLIENT'. The 'Unit' is 'TRAINING UNIT' and the 'SubUnit' is 'TRAINING SUBUNIT'. The 'Service' field is also highlighted in red in the background window.

4. If this is the case, the clinician will notify the program manager and Admin staff.
5. The Admin staff will check if the service has been paid and this is done through the "Display Client Services" window.

6. If the service has been paid, then the Admin staff will send a Void Request to MHBU for the original service to be voided.

Payment Save Clear Delete Exit

- The Clinician will then locate the original progress note where she identified the SC 998 and double click to open.
- Once the progress note displays, the clinician will click the "Delete" button of the service section of the progress note.
- A new window will show confirming the deletion, click yes. SC 998 is now deleted.

Question

Delete this service?

Yes No

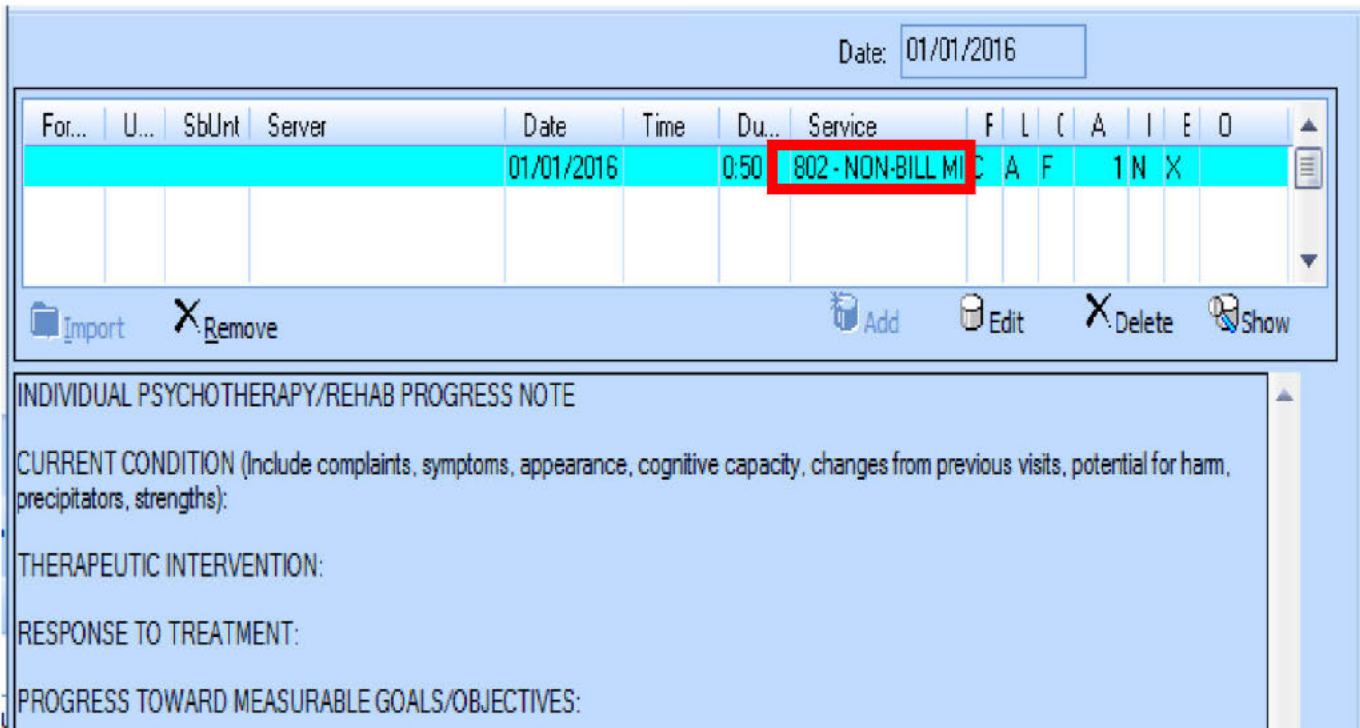

...ity, changes from previous visits, potential for harm,

- Click the "Import" button and a new window will display. Choose the correct non-billable service and click "ok"

- The Non-billable service code now displays in the progress note.

You are now done with the cleanup process!

Admin View – Individual Client Services Maintenance Window

When the outstanding SC 998 is not attached to a progress note, it means that its location is in the Individual Client Services Maintenance window and it can easily be deleted from there.

This happens when the clinician makes the correction of importing the non-billable service code to the progress and selecting the “Remove” button to get rid of the SC 998 rather than the “Delete” button to permanently delete this service code.

Nonetheless, this is a much simpler process and it can be completed by the Admin staff only.

1. The Admin staff will open the Individual Client Services Maintenance window and enter the client’s ID and date of service for SC 998.
2. The service or services depending on how many services were provided on the same date will appear.
3. The Admin staff will double click on the outstanding SC 998 to bring it to the window for deletion.
4. Press the delete button and the outstanding SC 998 will be deleted from the system.

The screenshot displays the 'Individual Client Services Maintenance' window. At the top, there are sections for 'Selections', 'Defaults/Filters', and 'Applied Defaults/Filters'. The 'Selections' section shows 'Form #', 'Date: 01/01/2016', 'Client: TEST, CLIENT', 'Unit: TRAINING UNIT (9900)', and 'SubUnit: TRAINING SUBUNIT (9901)'. The 'Defaults/Filters' section has checkboxes for 'Form #', 'Date', 'Client', 'Unit', 'SubUnit', 'Server', and 'Service'. The 'Applied Defaults/Filters' section shows the selected values: 'Date: 01/01/2016', 'Client: (100021126) TEST, CLIENT', 'Unit: (9900) TRAINING UNIT', 'SubUnit: (9901) TRAINING SUBUNIT', and 'Server: (2091) GARCIA-H'. Below this is a table titled 'Editing Individual Service: 01/01/2016 - No Start Time - PENDING VOID AND REENTRY 998 - TEST, CLIENT'. The table has columns for Form #, Client, Unit, SubUnit, Server, Service, Date, Start Time, and Duration. The second row is highlighted in red and contains: 'TEST, CLIENT', '9900 - TRAI', '9901 - TRAIN', '998 - PENDING', '01/01/2016', and '0:54'. Below the table is a detailed view of the selected service. It shows 'Form #', 'Date: 1/1/2016', 'Client: TEST, CLIENT', 'Unit: TRAINING UNIT (9900)', 'SubUnit: TRAINING SUBUNIT (9901)', and 'Service: PENDING VOID AND REENTRY 998 (998)'. The 'Service' field is highlighted in red. At the bottom, there are buttons for 'Payment', 'Save', 'Clear', 'Delete' (highlighted in red), and 'Exit'.

Form #	Client	Unit	SubUnit	Server	Service	Date	Start Time	Duration
	TEST, CLIENT	9900 - TRAI	9901 - TRAIN		802 - NON-BILL	01/01/2016		0:50
	TEST, CLIENT	9900 - TRAI	9901 - TRAIN		998 - PENDING	01/01/2016		0:54
