

F. Beneficiary Rights, Grievance and Appeals

Consumer Grievances, Appeals, and States Fair Hearings

- San Diego County Mental Health Services is committed to honoring the rights of every client to have access to a fair, impartial, effective process through which the client can seek resolution of a grievance or adverse benefit determination by the MHP. All county operated and contracted providers are required to participate fully in the Beneficiary Grievance and Appeal Process. Providers shall comply with all aspects of the process, including the distribution and display of the appropriate beneficiary protection materials, including posters, brochures and grievance/appeal forms as described in the process.
 - Beneficiary Packet Materials Order Form and Grievance/Appeal Forms are available on the [Optum website](#) > BHS Provider Resources > MHP Provider Documents > *Beneficiary*
- The MHP has delegated the roles and responsibilities of managing the grievance and appeal resolution process for beneficiaries to contracted advocacy organizations. When one of the contracted advocacy organizations notifies a provider of a grievance or appeal, the provider shall cooperate with the investigation and resolution of the grievance or appeal in a timely manner.
- Providers shall have self-addressed stamped envelopes (CCHEA and JFS will provide upon request), posters, brochures, grievance/appeal forms in all threshold languages to include interpreter services and toll-free numbers that have adequate TTY/TTD and interpreter capability.
- These materials shall be displayed in a prominent public place. The client shall not be discouraged, hindered, or otherwise interfered with when seeking or attempting to file a grievance/appeal. The client is also not required to present a grievance/appeal in writing and shall be assisted in preparing a written grievance/appeal, if requested.
- Providers shall inform clients, their authorized representative, or the provider acting on behalf of the client, about their right to file a grievance with assistance from one of the County's contracted advocacy organizations listed below (42 CFR §438.406):

Jewish Family Services, Patient Advocacy Program (JFS)
(For inpatient or residential SUD services)
1-800-479-2233 or 619-282-1134
Email: jfsonline@jfssd.org

Consumer Center for Health, Education, and Advocacy (CCHEA)
(For outpatient SUD services)
1-877-734-3258
TTY-1-800-735-2929

- The Grievance/Appeals and State Fair Hearing process is designed to:
 - Provide a grievance/appeals and State Fair Hearing process adhering to Federal and State regulations
 - Provide straightforward client/provider access
 - Support and honor the rights of every client
 - Be action-oriented
 - Provide resolution within State established timeframes
 - Encourage effective grievance resolution at program level
 - Improve the quality of Behavioral Health services for all County of San Diego residents
- According to Title 9 and 42 CFR 438.1000, the MHP is responsible for ensuring compliance with client rights and protections. Providers, as contractors of the MHP, must comply with applicable federal and state laws (such as Title VI of the Civil Rights Act of 1964 as implemented by regulations at [45 CFR, Part 80](#)), the Age Discrimination Act of 1975 as implemented by regulations at [45 CFR, part 91](#); [the Rehabilitation Act of 1973](#); [Title II](#) and [Title III](#) of the Americans with Disabilities Act, [Section 1557 of the Patient Protection and Affordable Care Act \(ACA\)](#), and other laws regarding privacy and confidentiality.
- These rights and protections can be summarized as follows:
 - *Easily understandable information.* Each managed care enrollee is guaranteed the right to receive all enrollment notices, information materials, and instructional materials relating to enrollees and potential enrollees in a manner and format that may be easily understood.
 - *Dignity, respect, and privacy.* Each managed care enrollee is guaranteed the right to be treated with respect and with due consideration for his or her dignity and privacy.
 - *Receive information on the managed care plan and available treatment options.* Each managed care enrollee is guaranteed the right to receive information on the managed care plan and its benefits, enrollee rights and protections, and emergency care, as well as

available treatment options and alternatives. The information should be presented in a manner appropriate to the enrollee's condition and ability to understand.

- *Participate in decisions.* Each managed care enrollee is guaranteed the right to participate in decisions regarding his or her health care, including the right to refuse treatment.
- *Free from restraint or seclusion.* Each managed care enrollee is guaranteed the right to be free from any form of restraint or seclusion used as a means of coercion, discipline, convenience, or retaliation, as specified in federal regulation on the use of restraints and seclusion.
- *Copy of medical records.* Each managed care enrollee is guaranteed the right to request and receive a copy of his or her medical records, and to request that they be amended or corrected, as specified in 45 CFR, 164.524 and 164.526.
- *Right to health care services.* Each enrollee has the right to be furnished health care services in accordance with CFR, Title 42, Sections 438.206-210.
- *Free exercise of rights.* Each managed care enrollee is guaranteed the right to free exercise of his/her rights in such a way that those rights do not adversely affect the way the MHP and its providers treat the enrollee.

Integrated Behavioral Health Member Handbook

- **Effective January 1, 2025**, MHPS, DMC-ODS counties, as well as DMC counties (Medi-Cal behavioral health delivery systems) will be required to disseminate an integrated member handbook available in all threshold languages. (Integrated Behavioral Health Member Handbook) based on Enclosures 2 included in the enclosures to [BHIN No: 24-034](#) which Superseded [BHIN NO: 23-048](#).
- The Integrated Behavioral Health Member Handbook is available on the [Optum website](#) > SMH & DMC-ODS Health Plans > *Beneficiary* tab.
- The integration of the member handbook]is to “improve health care outcomes and experiences of Medi-Cal members, particularly individuals living with co-occurring Mental Health and Substance Use Disorders” by streamlining:
 - The member's experience with county and county-contracted providers when seeking Behavioral Health services.
 - Internal county structures and processes regarding program administration and data management; and

- DHCS' oversight of county operations
- In accordance with 42 CFR 438.10, Medi-Cal behavioral health delivery systems must offer each member the Behavioral Health Member Handbook at the time the members first accesses services.

Integrated Behavioral Health Member Handbook Delivery Method:

- The handbook will be considered “provided to the member” if the Medi-Cal behavioral health delivery system delivers the handbook through:
 1. Direct delivery:
 - A printed copy of the Behavioral Health Member Handbook is mailed to the members mailing address.
- OR**
- A printed copy of the Behavioral Health Member Handbook is directly offered during an in-person interaction.
- OR**
- The Medi-Cal behavioral health delivery system provides the Behavioral Health Member Handbook via an electronic format (i.e. email, or text m message that includes a hyperlink or QR code to the handbook from the Medi-Cal behavioral health delivery systems website) after obtaining the members agreement to receive it electronically.

AND

2. Website: The Med-Cal behavioral health delivery system shall:
 - Post the Behavioral Health Member Handbook on the Medi-Cal behavioral health delivery systems primary website homepage in a manner that is readily accessible.
 - Advise the member in paper or electronic format (email, or text, message that includes a hyperlink to the handbook on the Medi-Cal behavioral health delivery system's website), that the Behavioral Health Member Handbook is available on the Internet and includes the applicable internet address (this can be completed via the 30-day notification letter.)
 - Inform members that the Behavioral Health Member Handbook is available in paper form without charge upon request and provide the member handbook upon request within five (5) business days; and

- Provide members with disabilities who cannot access this information online with auxiliary aids and services upon request at no cost.
- Notice of Significant Change(s) Member Notification Requirement:
 - The Medi-Cal behavioral health delivery system must give each member notice of any significant change to the information contained in the Behavioral Health Member Handbook at least 30 days before the intended effect date of change.
 - **Note:** *New clients must receive a copy of the Behavioral Health Member Handbook when they first obtain services from the provider and upon request, thereafter. (Handbooks are available in threshold languages.) Additional copies may be obtained from the MHP Behavioral Health Services Division at (619) 563-2700. To receive the materials in the audio contact QIMatters.HHSA@sdcountry.ca.gov*

Beneficiary Grievance and Appeals Process

Process Definitions (Title 42 CFR § 438.400 (b))

- “Grievance” means an expression of dissatisfaction about any matter other than an Adverse Benefit Determination. Grievances may include, but are not limited to, the quality of care of services provided, aspects of interpersonal relationships such as rudeness of a provider or employee, failure to respect the rights of the client regardless of whether remedial action is requested, and the member’s right to dispute an extension of time proposed by the Plan to make an authorization decision. There is no distinction between an informal and formal grievance. A complaint is the same as a grievance. If the Plan is unable to distinguish between a grievance and an inquiry, it shall be considered a grievance. An inquiry is a request for information that does not include expression of dissatisfaction. Inquiries may include but are not limited to, questions pertaining to eligibility, benefits, or other fee-for-service- processes. A complaint shall be considered a grievance unless it meets the definition of an “Adverse Benefit Determination (see below).
- Discrimination Grievance is when a client believes they have been unlawfully discriminated against, they have the right to file a Discrimination Grievance with the county plan, the Department’s Office of Civil Rights, and the United States Department of Health and Human Services, Office for Civil Rights. San Diego County complies with all State and Federal civil rights laws. (45 CFR §§ 92.7 and 92.8; WIC§14029.91). Discrimination Grievance posters can be found in the Beneficiary Handbook and printed for posting.
- Grievance Exemption is when grievances are received over the telephone or in-person that are resolved to the client’s satisfaction by the close of the next business day following receipt are

exempt from the requirement to send a written acknowledgment and disposition letter. Note: Grievances received via mail are not exempt from the requirement to send an acknowledgment and disposition letter in writing. If a complaint is received pertaining to an Adverse Benefit Determination, as defined under 42 CFR Section 438.400, the complaint is not considered a grievance, and the exemption does not apply.

- Appeal means a review of an adverse benefit determination or “action” which may include:
 - Denial or limited authorization of a requested service, including determinations based on the type or level of service, requirements for medically necessary specialty mental health services, appropriateness, setting, or effectiveness of a covered benefit.
 - The reduction, suspension, or termination of a previously authorized service.
 - The denial, in whole or in part, of payment for a service.
 - The failure to act within the timeframes regarding the standard resolution of grievances and appeals.
 - The failure to provide services in a timely manner.
 - The denial of a client’s request to dispute financial liability.
- Grievance and appeal system are the processes the county and providers implement to handle appeals of an adverse benefit determination and grievances, as well as the processes to collect and track information about them.
- State Fair Hearing is a legal process that includes an impartial hearing and ruling by an administrative law judge. A Medi-Cal beneficiary is required to exhaust the MHP problem resolution process prior to requesting a State Fair Hearing and only a Medi-Cal beneficiary may request a state fair hearing.

Periodic Notice of Clients’ Rights

- In accordance with DHCS regulations, written and oral information explaining the grievance/appeal process and the availability of a State Fair Hearing for Medi-Cal beneficiaries shall be provided/made available to new clients upon first admission to Mental Health Services, along with the Integrated Behavioral Health Member Handbook. Programs attest to this during the Program Compliance portion of the QAPR that they are in compliance with applicable Federal and State laws by providing the Handbook information and materials to clients. “Programs submit a signed “*Client Notification of Significant Changes for the Integrated Behavioral Health Member Handbook Attestation*” annually to QI Matters.

Grievance Resolution at Provider Sites

- Clients are encouraged to direct their grievances directly to program staff or management for the most efficient way to resolve problems. This may be done orally or in writing at the program. In accordance with 42 CFR §438.402, a beneficiary may file a grievance at any time. The Plan shall provide to the beneficiary written acknowledgement of receipt of grievance. The acknowledgment letter shall include the date of receipt, as well as the name, telephone number, and address of the Plan representative who the beneficiary may contact about the grievance. The written acknowledgement to the beneficiary must be postmarked within five calendar days of receipt of the grievance.
- Providers shall log of all grievances containing the date of receipt of the grievance, the name of the beneficiary, nature of the grievance, the resolution, and the representative's name who received and resolved the grievance in the Client Suggestions and Provider Transfer Request Log. The log shall be secured to protect client confidentiality. This log shall be submitted with the provider's Monthly/Quarterly Status Report.
- Providers shall inform all clients about their right to file a grievance with one of the MHP's contracted advocacy organizations if the client has an expression of dissatisfaction about any matter, is uncomfortable approaching program staff, or the dissatisfaction has not been successfully resolved at the program. Clients should feel equally welcomed to bring their concerns directly to the program's attention or to seek the assistance of one of the advocacy organizations.

Grievance Process

- JFS Patient Advocacy facilitates the grievance process for clients in inpatient and other 24-hour residential facilities. CCHEA facilitates the grievance process for outpatient and all other mental health services. These advocacy services will contact providers within two (2) business days of receiving written permission from the client to represent him/her. Securing this permission can be difficult and time consuming. To ensure compliance with the mandated federal timeline, providers shall work closely with the Advocacy organization to find a mutually agreeable solution to resolve the grievance quickly.
- This process can be facilitated via client signing of the [Coordinated Care Consent form](#) in the EHR, located on the Optum Website > BHS Provider Resources> MHP Provider Documents> UCRM tab. Although this form is required to be offered to all clients, signing the form is optional.
- As of 12/11/2024, a new version of the CCC is available that allows information to be shared with several County agencies, specifically including advocacy agencies (i.e.

JFS/CCHEA) . Although it is not required to have current clients re-sign this document, it is recommended to remain in compliance with regulations and timeliness of requests such as grievances. If clients choose to sign this form, it will grant permission for advocacy agencies to access needed information in the client’s chart which can reduce coordination time in the event that the client files a grievance during his/her time in treatment.

- If a grievance or appeal is about a clinical issue, CCHEA and JFS Patient Advocacy Program, as required by 42 CFR, will be utilizing a clinician with appropriate clinical expertise in treating the client’s condition to review and make a decision about the case.

Grievance Resolution

- Timeline: 30 days from receipt of grievance to resolution. The MHP must resolve grievances within the established timeframes.
- The Plan must comply with the following requirements for resolution of grievances:
 1. “Resolved” means that the Plan has reached a decision with respect to the beneficiary’s grievance and notified the beneficiary of the disposition.
 2. Plans shall comply with the established timeframe of 30 calendar days for resolution of grievances.

The timeframe for resolving grievances related to disputes of a Plan’s decision to extend the timeframe for making an authorization decision shall not exceed 30 calendar days. The Plan shall use the Notice of Grievance Resolution (NGR) to notify beneficiaries of the results of the grievance resolution. The NGR shall contain a clear and concise explanation of the Plan’s decision.

- a. In the event that resolution of a standard grievance is not reached within 30 calendar days as required, the Plan shall provide the beneficiary with the applicable NOABD and include the status of the grievance and the estimated date of resolution.

Grievance Process Exemptions

- Grievances received over the telephone or in-person by the Plan, or a network provider of the Plan, that are resolved to the beneficiary’s satisfaction by the close of the next business day following receipt are exempt from the requirement to send a written acknowledgment and disposition letter.
- Grievances received via mail by the Plan, or a network provider of the Plan, are not exempt

from the requirement to send an acknowledgment and disposition letter in writing. If a Plan or a network provider of the Plan receives a complaint pertaining to an Adverse Benefit Determination, as defined under [42 CFR Section 438.400](#), the complaint is not considered a grievance, and the exemption does not apply.

Advocacy Services and Records Requests

- In accordance with the Code of Federal Regulation (CFR) Title 42, Part 438, [Subpart F – Grievance System](#), the JFS Patient Advocacy Program and CCHEA are required to conduct grievance investigations and appeals pursuant to State and Federal law. These processes may include, but are not limited to, consulting with facility administrators, interviewing staff members, requesting copies of medical records, submitting medical records to independent clinical consultants for review of clinical issues, conducting staff member trainings, suggesting policy changes, submitting requests for Plans of Correction (POC), and preparing resolution letters.
- There are mandated timelines for grievances and appeals. Providers’ quick and efficient cooperation will ensure compliance with these requirements. When requested, MHP providers shall provide copies of medical records to the JFS Patient Advocacy Program and CCHEA within 3 business days from the date of the medical record request. The Advocacy Agencies will provide the program with a signed release of information from the client with the request if the client has not signed the Coordinated Care Consent form in the EHR.

Adverse Benefit Determination (ABD)

- The definition of an “Adverse Benefit Determination” encompasses all previous elements of “Action” under federal regulations with the addition of language that clarifies the inclusion of determinations involving access to medically necessary services, appropriateness and setting of covered benefits, and financial liability.

Located on the Optum Website > BHS Provider Resources> MHP Provider Documents> *NOABD* tab

- An Adverse Benefit Determination is defined to mean any of the following actions taken by a Plan:
 1. The denial or limited authorization of a requested service, including determinations based on the type or level of service, meeting criteria for medical necessity, appropriateness, setting, or effectiveness of a covered benefit.
 2. The reduction, suspension, or termination of a previously authorized service.
 3. The denial, in whole or in part, of payment for a service.

4. The failure to provide services in a timely manner.
5. The failure to act within the required timeframes for standard resolution of grievances and appeals; or
6. The denial of a beneficiary's request to dispute financial liability.

Written Notice of Adverse Benefit Determination (NOABD) Requirements

- Beneficiaries must receive a written NOABD when the MHP takes any of the actions described above. The Plan must give beneficiaries timely and adequate notice of an adverse benefit determination in writing, consistent with the requirements in [42 CFR §438.10](#). The federal regulations delineate the requirements for content of the NOABDs. The NOABD must explain all of the following:
 1. The adverse benefit determination the Plan has made or intends to make.
 2. A clear and concise explanation of the reason(s) for the decision. For determinations based on criteria for access to medically necessary SMHS, the notice must include the clinical reasons for the decision. The Plan shall explicitly state why the member's condition does not meet specialty mental health services and/or DMC-ODS criteria for access to medically necessary services criteria.
 3. A description of the criteria used. This includes criteria for access to medically necessary SMHS, and processes, strategies, or evidentiary standards used in making such determinations; and reference to specific regulations or payment authorization procedures that support the decision.
 4. The member's right to be provided upon request and free of charge, reasonable access to and copies of all documents, records, and other information relevant to the beneficiary's adverse benefit determination.
 5. The member's right to a second opinion from a network provider, or for the Plan to arrange for the member to obtain a second opinion outside the network, at no cost to the member.
- Decisions shall be communicated to the member in writing. In addition, decisions shall be communicated to the provider initially by telephone or facsimile, and then in writing, except for decisions rendered retrospectively. For written notification to the provider, the Plan must also include the name and direct telephone number or extension of the decision-maker. Programs shall review the client's chart for an emergency contact. If the program has a Release of Information on file for the individual, they are to send the NOABD to the emergency contact. If not, document the inability to reach client on the NOABD log and place a copy of the

NOABD in the log as well.

- If the Plan can substantiate through documentation that effective processes are in place to allow the provider to easily contact the decision-maker through means other than a direct phone number (e.g., telephone number to the specific unit of the Utilization Management Department that handles provider appeals directly), a direct telephone number or extension is not required. However, the Plan must conduct ongoing oversight to monitor the effectiveness of this process.

Timing of the Notice

- The MHP shall mail the notice to the beneficiary within the following timeframes:
 1. For termination, suspension, or reduction of a previously authorized specialty mental health service, at least 10 days before the date of action, except as permitted under 42 CFR §§ [431.213](#) and [431.214](#).
 2. For denial of payment, at the time of any action denying the provider's claim; or,
 3. For decisions resulting in denial, delay, or modification of all or part of the requested specialty mental health services, within two business days of the decision.
- The Plan must also communicate the decision to the affected provider within 24 hours of making the decision.

Written NOABD Templates

- In accordance with the federal requirements, the MHP (providers) shall use DHCS' uniform notice templates, or the electronic equivalent of these templates generated from the Plan's EHR
- , when providing members with a written NOABD. The notice templates include both the enclosed NOABD and "**Your Rights**" documents to notify members of their rights in compliance with the federal regulations. The following is a description of adverse benefit determinations and the corresponding NOABD template, as well as instructions related to the timeframes for sending the NOABD to the beneficiary:
 1. **NOABD Denial of Authorization Notice** - Use this template when the Plan denies a request for a service. Denials include determinations based on type or level of service, requirements for criteria for access to medically necessary services , appropriateness, setting or effectiveness of a covered benefit.
 2. **NOABD Denial of Payment for a Service Rendered by a Provider** - Use this template when the Plan denies, in whole or in part, for any reason, a provider's request for payment

for a service that has already been delivered to a member.

3. **NOABD Delivery System Notice** - Use this template when the Plan has determined that the member does not meet the criteria to be eligible for specialty mental health through the Plan. The member shall be referred to the Managed Care Plan, or other appropriate system, for mental health, substance use disorder, or other services.
4. **NOABD Modification of Requested Services Notice** - Use this template when the Plan modifies or limits a provider's request for a service, including reductions in frequency and/or duration of services, and approval of alternative treatments and services.
5. **NOABD Termination of Previously Authorized Services Notice** - Use this template when the Plan terminates, reduces, or suspends a previously authorized service. This notice is also required for all clients who have unsuccessfully discharged. Unsuccessful discharge includes, but is not limited to, client AWOL, client unwilling to continue with services, client terminates services AMA, etc.
6. **NOABD Delay in Processing Authorization of s Services Notice** - Use this template when there is a delay in processing a provider's request for authorization of specialty mental health service. When the Plan extends the timeframe to make an authorization decision, it is a delay in processing a provider's request. This includes extensions granted at the request of the member or provider, when the extension is in the beneficiary's interest.
7. **NOABD Failure to Provide Timely Access Notice** - Use this template when there is a delay in providing the member with timely services, as required by the timely access standards applicable to the delayed service.
8. **NOABD Dispute of Financial Liability Notice** - Use this template when the Plan denies a member's request to dispute financial liability, including cost-sharing and other beneficiary financial liabilities.
9. **NOABD Failure to timely Resolve Grievances and Appeals** – Plans shall use this notice when they do not meet required timeframes for the standard resolution of grievances and appeals.
10. **The “NOABD Your Rights” Attachment** - is a notice that informs members of critical appeal and State Hearing rights. There are two types of “Your Rights” attachments. One accompanies the NOABD and the other accompanies the Notice of Appeals Resolution. These attachments must be sent to beneficiaries with each NOABD or NAR.
 - a. The “NOABD Your Rights” attachment provides members with the following required information pertaining to NOABD:

- i. The member's or provider's right to request an internal appeal with the Plan within 60 calendar days from the date on the NOABD;
- ii. The member's right to request a State Hearing only after filing an appeal with the Plan and receiving a notice that the Adverse Benefit Determination has been upheld;
- iii. The member's right to request a State Hearing if the Plan fails to send a resolution notice in response to the appeal within the required timeframe;
- iv. Circumstances under which an expedited review is available and how to request it;
- v. The member's right to be either self-represented or represented by an authorized third party (including legal counsel, relative, friend, or any other person) in a State Hearing;
- vi. The member's right to have benefits continue pending resolution of the appeal and how to request continuation of benefits in accordance with Title 42, CFR, Section 438.420, and
- vii. Notification that, if the final resolution of the appeal or State Hearing decision upholds the Plans' Adverse Benefit Determination, the member shall not be held liable for the cost of continued services provided to the member while the appeal or State Hearing was pending.

The member's right to a second opinion from a network provider, or the Plan to arrange for the member to obtain a second opinion outside the network at no cost to the member.

- The MHP programs shall have a written policy and procedure addressing the collecting, storing, filing, and mailing of Notice of Adverse Benefit Determinations. It is recommended that programs maintain all Notice of Adverse Benefit Determinations in a confidential location at the program site for no less than ten (10) years after discharge for adults. For minors, records are to be kept until they have reached the age of 18, plus seven (7) years.
- All MHP programs shall maintain on site a monthly NOABD Log.
- Programs shall include the following in their NOABD Logs:
 - Date NOABD was issued.

- Member identification number/medical record number
- Mode of NOABD Delivery
- Member response, requests, provisions for second opinions, initiation of grievance/appeal procedure, and/or request for a State Fair Hearing if known.
 - Logs to contain copies of each NOABD and “Your Rights” forms attached.
 - Logs to contain documentation of inability to contact the client, if applicable.
 - Log to reflect “NO NOABD ISSUED” if none are issued within a month.
 - NOABD Logs must be available for review at COR or QA request.
- Monthly logs are to be submitted to QA on a quarterly basis. Dates for submission are as follows:
 - Quarter One: October 15th
 - Quarter Two: January 15th
 - Quarter Three: April 15th
 - Quarter Four: July 15th
- QA has developed an Excel [NOABD Log](#) that programs can use to track monthly NOABD’s.. If programs choose to create their own log, it must contain all the same elements listed above. All NOABD’s will be stored in the Logbook, therefore not being stored in the beneficiary’s individual chart.

Appeal Process

- Federal regulations require members to file an appeal within 60 calendar days from the date on the NOABD. The Plan will adopt the 60-calendar day timeframe in accordance with the federal regulations. Members must also exhaust the Plan’s appeal process prior to requesting a State Hearing unless the member has been deemed to have exhausted that process.
- A member, or a provider and/or authorized representative, may request an appeal either orally or in writing. 27 Appeals filed by the provider on behalf of the member require written consent from the member.28 BHPs shall assist the member in completing forms and taking other procedural steps to file an appeal, including preparing a written appeal, notifying the member of the location of the form on the BHP’s website or providing the form to the member upon request. BHPs shall also advise and assist the member in requesting continuation of benefits during an appeal of the Adverse Benefit Determination in accordance with federal regulations29 Additionally, BHPs shall inform members that they shall not be held liable for the cost of these continued benefits

Authorized Representatives

- With written consent of the member, a provider or authorized representative may file a grievance, request an appeal, or request a State hearing on behalf of the beneficiary. Providers and authorized representatives cannot request continuation of benefits, as specified in [42 CFR §438.420\(b\)\(5\)](#).

Standard Resolution of Appeals

- The MHP shall provide to the beneficiary written acknowledgement of receipt of the appeal. The acknowledgment letter shall include the date of receipt, as well as the name, telephone number, and address of the Plan representative who the beneficiary may contact about the appeal. The written acknowledgement to the beneficiary must be postmarked within five calendar days of receipt of the appeal.
- The MHP shall resolve an appeal within 30 calendar days of receipt. In the event that the Plan fails to adhere to the noticing and timing requirements for resolving appeals, the member is deemed to have exhausted the MHP's appeal process and may initiate a State Hearing.

Expedited Resolution of Appeals

- The MHP maintains an expedited review process for appeals when the Plan determines (from a member's request) or the provider indicates (in making the request on the member's behalf or supporting the member's request) that taking time for a standard resolution could seriously jeopardize the member's mental health and/or the member's ability to attain, maintain, or regain maximum function.

General Expedited Requirements

- If the MHP denies a request for expedited resolution of an appeal, it must transfer the appeal to the timeframe for standard resolution. In addition, the Plan shall complete all of the following actions:
 1. The Plan shall make reasonable efforts to provide the member with prompt oral notice of the decision to transfer the appeal to the timeframe for standard resolution;
 2. The Plan shall notify the member in writing of the decision to transfer the appeal to the timeframe for standard resolution within two calendar days of making the decision and notify the beneficiary of the right to file a grievance if they disagree with the decision; and

3. The Plan shall resolve the appeal as expeditiously as the member's health condition requires and within the timeframe for standard resolution of an appeal (i.e., within 30 days of receipt of the appeal).
 4. For expedited resolution of an appeal and notice to affected parties (i.e., the member, legal representative and/or provider), the Plan shall resolve the appeal, and provide notice, as expeditiously as the member's health condition requires, no longer than 72 hours after the Plan receives the expedited appeal request.
- In addition to providing a written Notice of Appeal Resolution, the MHP shall make reasonable efforts to provide prompt oral notice to the member of the resolution.

Notice of Appeal Resolution (NAR) Requirements

- A NAR is a formal letter informing a member that an Adverse Benefit Determination has been overturned or upheld. In addition to the written NAR, the MHP is required to make reasonable efforts to provide prompt oral notice to the member of the resolution.

NAR Adverse Benefit Determination Upheld Notice

- For appeals not resolved wholly in favor of the member, the MHP shall utilize the DHCS template, or the electronic equivalent of that template generated from the Plan's Electronic Health Record System, for upheld decisions, which is comprised of two components:
 1. NAR Adverse Benefit Determination Upheld Notice, and
 2. "Your Rights" attachment.
- These documents are a "**packet**" and shall be sent together to comply with all requirements of the NAR. The MHP shall send written NARs to beneficiaries. The written NAR shall include the following:
 - a. The results of the resolution and the date it was completed;
 - b. The reasons for the Plan's determination, including the criteria, clinical guidelines, or policies used in reaching the determination;
 - c. For appeals not resolved wholly in the favor of the member, the right to request a State Hearing and how to request it, the right to request and receive benefits while the State Hearing is pending and how to make the request; and,
 - d. notification that the member shall not be held liable for the cost of those benefits if

the State Hearing decision upholds the Plan's Adverse Benefit Determination

NAR "Your Rights" Notice

- The NAR "Your Rights" attachment provides members with the following required information pertaining to NAR:
 - a. The member's right to request a State hearing no later than 120 calendar days from the date of the Plan's written appeal resolution and instructions on how to request a State hearing; and,
 - b. The member's right to request and receive continuation of benefits while the State hearing is pending and instructions on how to request continuation of benefits, including the timeframe in which the request shall be made (i.e., within ten days from the date the letter was post-marked or delivered to the beneficiary) in accordance with Title 42, CFR, Section 438.420.
 - c. Notification that the member shall not be held liable for the cost of those benefits if the State Hearing decision upholds the Plan's Adverse Benefit Determination.

NAR Adverse Benefit Determination Overturned Notice

- For appeals resolved wholly in favor of the member, the Plan shall use the Adverse Benefit Determination Overturned (NAR) notice template as a written notice to the member that includes the results of the resolution and the date it was completed. The MHP shall also ensure that the written response contains a clear and concise explanation of the reason, including why the decision was overturned.
- Plans must authorize or provide the disputed services promptly and as expeditiously as the member's condition requires if the Plan reverses the decision to deny, limit, or delay services that were not furnished while the appeal was pending. The MHP shall authorize or provide services no later than 72 hours from the date and time it reverses the determination.
 - **Note:** A decision by a therapist to limit, reduce, or terminate a client's service is considered a clinical decision and cannot be the subject of an appeal; however, it can be grieved.

State Fair Hearing (SFH)

- Members must exhaust the MHP's appeal process prior to requesting a State Hearing. A member

has the right to request a State Hearing only after receiving notice that the Plan is upholding an Adverse Benefit Determination. If the Plan fails to adhere to the notice and timing requirements in [42CFR§438.408](#), including the MHP's failure to provide a NOABD or a NAR the member is deemed to have exhausted the Plan's appeals process. The member may then initiate a State Hearing. Members may request a State Hearing within 120 calendar days from the date of the NAR which informs the member the Adverse Benefit Decision has been upheld by the Plan.

- For **Standard Hearings**, the MHP shall notify members that the State must reach its decision on the hearing within 90 calendar days of the date of the request for the hearing.
- For **Expedited Hearings**, the MHP shall notify members that the State must reach its decision on the state fair hearing within three working days of the date of the request for the hearing.
- For **Overtured Decisions**, the MHP shall authorize or provide the disputed services promptly and as expeditiously as the member's health condition requires, but no later than 72 hours from the date it receives notice reversing the Plan's adverse benefits determination.

Continuation of Services

- Members have the right to keep receiving approved services while waiting for a final decision from an appeal or State Hearing. This request is called Aid Paid Pending (APP). If a member requests an appeal, the MHP shall continue to provide APP to the member while the appeal is pending if all of the following conditions are met:
 - The member timely files a request for an appeal in accordance with Title 42, CFR, sections 438.402(c)(1)(ii) and (c)(2)(ii)
 - \
 - The appeal involves the termination, suspension, or reduction of a previously authorized service,
 - The member's services were ordered by an authorized provider;
 - The period covered by the original authorization has not expired, and,
 - The request for continuation of benefits is filed on or before the following: Within ten(10) calendar days of the MHP sending the NOABD, or the intended effective date of the Adverse Benefit Determination.
- If a member has been receiving disputed services during the MHP's appeal process and requests a State Hearing, the BHP shall continue to provide APP to the member. If the MHP

continues to provide APP to the member while the appeal or State Hearing is pending, the services shall be continued until: 1. The member withdraws the appeal or request for State Hearing; 2. The member does not request a State Hearing and continuation of benefits within 10 calendar days from the date the BHP sends the notice of an adverse appeal resolution; or 3. A State Hearing decision adverse to the beneficiary is issued.⁶¹ If the final resolution of the appeal or State Hearing upholds the BHP's Adverse Benefit Determination, the BHP shall not recover the cost of continued services provided to the member while the appeal or State Hearing was pending

Monitoring the Beneficiary Grievance and Appeal Resolution Process

- The MHP, operating from a shared concern with providers about improving the quality of care and experience of beneficiaries, will monitor feedback from the grievance/appeal process to identify potential deficiencies and take actions for continuous improvement. Data is collected, analyzed and shared with the BHS System of Care and stakeholder thru system-wide meetings and councils

Non- Discrimination and Language Assistance Notices -

- [Section 1557 of the Affordable Care Act](#) (ACA) prohibits discrimination on the basis of race, color, national origin, sex, age, or disability. On May 18, 2016, the United States Department of Health and Human Services, Office for Civil Rights issued the Nondiscrimination in Health Program and Activities Final Rule to implement [Section 1557](#). Federal regulations require the MHP (and providers) to post nondiscrimination and language assistance notices in significant communications to beneficiaries.
- The MHP has created a “Beneficiary Non-Discrimination Notice” and “Language Assistance Notice”, which shall be sent along with each of the following significant notices sent to beneficiaries:
 - NOABD, Grievance Acknowledgment Letter,
 - Appeal Acknowledgment Letter,
 - Grievance Resolution Letter, and
 - Notice of Appeal Resolution Letter.

Provider Appeal Process

- If the provider and advocacy organization cannot successfully resolve the client's grievance or appeal, the advocacy organization will issue a finding, to be sent to the client, provider and Mental Health Director, which may include the need for a Plan of Correction to be submitted by the provider to the Mental Health Director or designee in 10 days. In the rare instances when the provider disagrees with the disposition of the grievance/appeal and/or does not agree to

write a Plan of Correction, the provider may write to the Mental Health Director within 10 days, requesting an administrative review. The Mental Health Director or his designee shall have the final decision about needed action. Please see the Beneficiary and Client Problem Resolution Process for details of this portion of the process.

Considerations for Minors

- If the client is a minor, unless it is a minor consent case, the original should be sent to the minor and a copy should be sent to the minor's parent(s) or legal guardian.
- Where involvement of the parent or guardian is determined to be inappropriate, MHPs and providers shall establish and ensure safeguards are in place to suppress confidential information and prevent appointment notifications, Notice of Adverse Benefit Determination documents, and any other communications that would violate the minor's confidentiality from being inappropriately delivered to the minor's parent or guardian. ([BHIN 24-046](#))

Additional Client Rights

Provider Selection

- In accordance with 42 CFR 438.6 and [Title 9](#), providers are reminded that clients have the right to obtain a list of MHP providers, including information on their location, type of services offered, and areas of cultural and linguistic competence.

Second Opinion

- If the MHP or its designee determines that a client does not meet criteria for access to inpatient or outpatient specialty mental health services, a client or someone on behalf of the client, may request a second opinion. A second opinion from a mental health clinician provides the client with an opportunity to receive additional input on his or her mental health care at no extra cost. As the MHP designee, Optum is responsible for informing the treating provider of the second opinion request and for coordinating the second opinion with an MHP contracted individual provider.
- The second opinion provider is required to obtain a release of information from the client in order to review the client's medical record and discuss the client's treatment. After the second opinion evaluation is completed, the second opinion provider forwards a report to the MHP Program Monitor/COR for review. If a second opinion request occurs as the result of a denial of authorization for payment, the MHP Medical Director may uphold the original denial decision or may reverse it and authorize payment.

Transfer From One Provider to Another

- Clients have a right to request a transfer from one Medi-Cal provider to another within or outside of a program. These transfer requests shall be recorded on the *Client Suggestions and Provider Transfer Request* tab of the Monthly/Quarterly Status Report (QSR). Documentation in the Log shall include the date the transfer request was received, whether the request was to a provider within or outside of the program, and the relevant code showing the reason for transfer if specified by the client. The Log shall be submitted with the provider's Monthly/Quarterly Status Report.

Right to Language, Visual and Hearing Impairment Assistance

- Clients shall be routinely informed about the availability of free language assistance at the time of accessing services. The MHP prohibits the expectation that the client uses family or friends for interpreter services. However, if the client so chooses, this choice should be documented in the client record. Providers must also be able to provide persons with visual or hearing impairment, or other disability, with information on Mental Health Plan Services, making every effort to accommodate individual's preferred method of communication, in accordance again with Title 9 and Behavioral Health Services policy.

Right to a Patient Advocate

- A client pursuant to [W&I Code 5325](#) (h) has a right to see and receive the services of a patient advocate who has no direct or indirect clinical or administrative responsibility for the person receiving mental health services.
- The rights specified in this section may not be waived by the person's parent, guardian, or conservator.
- The Patient Advocate does not need to have access to the entire chart, but rather, the portions that have to do with the potential denial of rights.

Open Payments Database Physician's Notice to Clients

- As required by [State Assembly Bill AB1278](#), physicians are required to provide notice to patients regarding the Open Payments Database which is managed by the U.S. Centers for Medicare and Medicaid Services (CMS). The federal [Physician Payments Sunshine Act](#) requires that detailed information about payment and other payments of value worth over ten dollars (\$10) from manufacturers of drugs, medical devices, and biologics to physicians and teaching hospitals be made available to the public. The Open Payments

Database is a federal tool used to search payments made by drug and device companies to physicians and teaching hospitals. It can be found at : <https://openpaymentsdata.cms.gov>

- The document to be posted or provided to clients can be found at: Optum Website > BHS Provider Resources> MHP Provider Documents> *Beneficiary* tab.

Law Change: Required Notice to Consumers Display of License/Registration

- **Effective 1/1/25:** A new law, SB 1024, sponsored by the Board of Behavioral Sciences (Board), implements a change to the legal requirement that mandates licensees and registrants display their license or registration in a conspicuous location at their primary place of practice when rendering professional clinical services **in person**.
 - (Please note the date by which this additional information must be included in the notice is delayed six months, until July 1, 2025, to allow practitioners time to make the update.)

Complaints to Board of Behavioral Sciences (AB 630)

- Effective on or after 7/1/20, mental health professionals licensed or registered with the Board of Behavioral Sciences (BBS), prior to providing psychotherapy, must give clients a notice in at least 12-point font telling them that BBS receives and responds to complaints about licensees and tells clients how to contact BBS to file complaints.
- Providers should have a Policy and Procedure in place addressing this regulation and QA will be monitoring this during the Medi-Cal site visits.

Advance Health Care Directive Information

- Federal Medicaid regulations ([42 CFR 422.128](#)) require the MHP to ensure that all adults and emancipated minor Medi-Cal beneficiaries are provided with information about the right to have an Advance Health Care Directive. In order to be in full compliance with this regulation, it is necessary that all eligible clients be informed of the right to have an Advance Health Care Directive at their first face-to-face contact for services, or when they become eligible (upon their 18 birthday or emancipation).
- An Advance Health Care Directive is defined in the [42 CFR, Chapter IV, Part 489.100](#) as “a written instruction such as a living will or durable power of attorney for health care, recognized under State law (whether statutory or recognized by the courts of the State), relating to the provision of health care when the individual is incapacitated.” Generally, Advance Health Care Directives deal with how physical health care should be provided when an individual is

incapacitated by a serious physical health care condition, such as a stroke or coma, and unable to make medical treatment decisions for himself/herself.

- In order to comply with the Federal regulations ([42 CFR, Chapter IV, Section 422-128](#)), providers shall do the following for new adult or emancipated clients:
 1. Provide written information on the client right to make decisions concerning medical treatment, including the right to accept or refuse medical care and the right to formulate Advance Directives, at the first face-to-face contact with a new client, and thereafter, upon request.
 2. Document in the client's medical record that this information has been given and whether or not the client has an existing Advance Directive.
 3. If the client who has an Advance Directive wishes to bring in a copy, the provider shall add it to the client's current medical record.
 4. If a client is incapacitated at the time of initial enrollment and unable to receive information, the provider will have a follow-up procedure in place to ensure that, the information on the right to an Advance Directive is given to the client at the appropriate time. In the interim, the provider may choose to give a copy of the information to the client's family or surrogate.
 5. Not condition the provision of care or otherwise discriminate against an individual based on whether or not he or she has an Advance Directive.
 6. Should the situation ever arise, provide information about the State contact point to clients who wish to complain about non-compliance with an Advance Directive.
- The MHP is providing an informational brochure on Advance Directives, available in the threshold languages, which can be given out to new clients or members of the community who request it. All brochures are available on the Optum website > BHS Provider Resources> MHP Provider Documents> *Beneficiary* tab.
- To receive the materials in the audio or large print format contact QIMatters.HHSA@sdcounty.ca.gov, or providers may duplicate their own copies. The MHP will also be responsible for notifying providers of any changes in State law regarding Advance Directives within 90 days of the law change.
- Providers are expected to formulate their own policies and procedures on Advance Health Care Directives and educate staff. Because of the legal nature of Advance Directives, providers may wish to consult with their own legal counsel regarding federal regulations.

Guidance for Facilities on Service and Support Animals

Service Animals

- "Service animals" are animals that are trained to perform specific tasks to assist individuals with disabilities, including individuals with mental health disabilities.
- Service animals do not need to be professionally trained or certified.
- Under the Americans with Disabilities Act, service animals can only be dogs or miniature horses.
- Staff members are not permitted to request documentation for a service animal.
- Service animals are not required to be formally trained, nor must they wear a special tag or vest.
- Unless there is a reason to believe that an animal poses a threat to others, facility representatives can only ask two questions to determine whether an animal qualifies as a service animal:
 1. Is the animal required because of the handler's disability?
 2. What work or task the animal has been trained to perform?
- If the client affirmatively answers the two questions above, the animal would be considered a service animal under the law and should be allowed in the facility unless one of the legal justifications (described below) for denial applies.

Support Animals

- "Support animals" are animals that provide emotional, cognitive, or other similar support to an individual with a disability. A support animal does not need to be trained or certified.
- The current [Fair Housing Act](#) (and regulations) indicate that support animals should be allowed in any dwelling or housing accommodation, subject to limited exceptions.
- If a facility has a "no pets" policy, any client may request a "reasonable accommodation" to allow their support animal in the facility. Requests for a reasonable accommodation do not have to be in writing.

- Evaluating reasonable accommodation(s) should be an interactive process between the requester and the facility staff. If the facility staff members do not understand the initial request, they should continue to work with the requester until they can understand how the support animal will assist with the requester’s disability-related need.
- Staff members can request documentation regarding the client’s disability and the need for the support animal. This documentation should only be requested if the disability and/or need for the animal are not already apparent.
- Facility staff can also require that emotional support animals be licensed and/or vaccinated according to state and local laws that apply to all other animals.
- The reasonable accommodation process allows staff members more flexibility in making determinations on support animals. However, if the connection between the disability-related need and the support animal is readily apparent, or if the requester submits appropriate documentation establishing this connection, staff members should allow the support animal, unless one of the legal justifications for denial applies (see below). If the connection is not readily apparent, and the requester does not submit appropriate documentation, then the individual’s request could possibly be denied (pending submission of documentation).

Denial of a Service or Support Animal

- Staff members are not permitted to preemptively deny a service animal. A service or support animal cannot be denied based solely on the animal’s breed.
- In all cases, facilities need to make (and document) case-by-case determinations via an “individualized assessment” of a service animal’s behavior and its handler’s ability to care for it.
- Facility staff are only authorized to deny service animals in limited circumstances such as if it becomes clear that the animal poses a threat to others through aggressive behavior or if the animal is not being cared for by its handler.
- If facility staff decide to deny a reasonable accommodation for a support animal or deny access to a service animal, they must provide a specific legal justification to the client.
 - Examples of specific legal justifications include the following:
 1. Fundamental Alteration - Permitting the animal would alter the essential nature of the program.
 2. Undue Burden - Permitting the animal would cause significant difficulty or expense.

3. Direct Threat - Permitting the animal would lead to significant risk of substantial bodily harm to the health or safety of others or would cause substantial physical damage to the property of others, and that harm cannot be sufficiently mitigated or eliminated by a reasonable accommodation.
- The reasons for denial of a service animal should be carefully documented by facility staff and clearly communicated to the handler. For any non-English speaking individuals, the facility should attempt to provide this information in the individual's preferred language. Facilities should also consider consulting their own legal counsel or risk management coordinator as appropriate.
 - In cases when facility staff are denying an animal because the requester fails to establish the connection between their disability-related need and the support animal, facility staff should explain why they believe the connection was not established but would not be required to cite one of the specific legal justifications above. Also, to the extent practical, if an animal requires removal, efforts should be made to ensure that it is retrievable by the owner.
 - Individuals who feel they have been wrongfully denied a service or support animal can file complaints with the U.S. Department of Justice, the U.S. Department of Housing and Urban Development, the California Department of Fair Employment and Housing, and the California Civil Rights Department. They may also file suit in state, federal, or small claims court or seek other legal representation. Additionally, individuals can choose to file a grievance or complaint through the appropriate patient advocacy agency
 - The information provided above is a summary of applicable law, regulations, and is intended as guidance. In developing policies and procedures, it is recommended that facility representatives utilize the legal guidelines that can be found in Cal. Code Regs. Title 2 § 12005, Cal. Code Regs. tit. 2 § 12176-12181, Cal. Code Regs. Title 2, § 12185, Cal. Code Regs. Title 2 § 14020, Cal. Code Regs. Title 2 § 14331, 28 C.F.R. § 36.104, 28 C.F.R. § 36.302, 28 C.F.R. § 36 app A to Part 36, 28 C.F.R. § 36 app C to Part 36.
